ABOUT INSTITUTION

Established in 1973 and affiliated to Bengaluru City University, Seshadripuram College quickly attained a prominent position among the limited number of undergraduate colleges in Bangalore at that time. In these 50 years, the number of degree colleges in Bangalore has seen an astronomical growth, but Seshadripuram College continues to maintain its reputation and position. From a meagre strength of thirty students at inception, the student strength has grown substantially to 3000 with a commensurate expansion of the faculty. It is one of the first of the affiliated colleges to be granted PG courses and to offer the BBM course. The institution has been awarded the highest 'A++' grade in the 4th cycle of NAAC accreditation and regularly features among the top Commerce colleges not only of Bangalore but of the country, in rankings announced in leading national news magazines. Its students regularly find a place among rank holders in the university and its placement records are outstanding. This reputation sustained through more than 4 decades is due to the institution's ability to adapt itself to the changing needs of the times without losing touch with its core values. The college attempts to create a stimulating teaching-learning environment which equips students with the knowledge and skills required to face the challenges of the globalized environment. At the same time, it is committed to instilling a deep sense of social responsibility and self-discipline in its students. It also strives to cultivate a warm, cordial and mutually supportive relationship with all its stake holders.

NATIONAL SERVICE SCHEME (1969-2025)

The National Service Scheme (NSS) is an Indian government-sponsored public service program conducted by the Ministry of Youth Affairs and Sports of the Government of India. Popularly known as NSS, the scheme was launched in Gandhi's Centenary year in 1969. Aimed at developing student's personality through community service, NSS is a voluntary association of young people in Colleges, Universities and at +2 level working for a campus-community linkage. The programme aims to instil the idea of social welfare in students, and to provide service to society without bias. NSS volunteers work to ensure that everyone who is needy gets help to enhance their standard of living and lead a life of dignity. In doing so, volunteers learn from people in villages how to lead a good life despite a scarcity of resources. Volunteers are also trained to provide help in natural and man-made disasters by providing food, clothing and first aid to affected people. There are two types of activities: Regular Activities (120 hours) and Annual Special Camp (120 hours). The Annual camps are known as Special Camps.
