From the Principal's Desk

Seshadripuram College, one of the most prestigious and noted among the Educational Institutions in Bengaluru, continues to highly contribute in nurturing and grooming its students so that the students achieve excellence in their respective field of studies. The College today stands high among the various Educational Institutions, which have strived to carve their name in golden words in the education field. We today successfully handle the academics for around 3000 students. We feel proud to convey that the college secured 35th rank among 160 Best Commerce Colleges in the country, as it is a proud moment to state that the college was ranked 6th among the Best Commerce Colleges in Karnataka and as well the college upheld its honour to be ranked 1 among the University Affiliated Colleges in Karnataka a survey conducted by India Today MDRA Survey. The

academic year 2020-21 was yet another a success story in the institution's history.

The highlights for this academic year were as follows- Surabhi. P and Shrinidhi P.G. upheld the name of the college by securing 4th Rank in M. Com and 8th Rank in B. Com respectively, as well during the 56th Annual Convocation of Bangalore University. Reshma J, Lekha Saraswathi. S, Shridyuthi S. were honoured with gold medals for their excellence in academics in the stream of B.Com. This again showcased the academic excellence of the college.

The academic year commenced with an Orientation Day and Inauguration of First Year Degree Classes -2020-21. All the departments, forums and committees of the college have successfully organized numerous webinars, events and activities. The department of

Commerce and Management in association with Bangalore City University, BUTCCM conducted a three-day Virtual Syllabus Orientation of 4th Semester B. Com Regular/Bcom Honours/Bcom Finance and Account Specialization. A Webinar on “Building Intellectual Learning – New Pathway to the future of Commerce Education” was also held by department. As a part of Business Lab activities – Outreach Activity Online Session on “Drafting an Effective Business Plan” was organized by department. Also a two-day National Level seminar – “Developing Future Leader for Sustainable Corporate Culture” was also conducted by the Commerce and Management department. The B.com (Hons) came up with a Guest Lecture on “Transformation of Self in Today’s World”. Thus the Commerce and Management Department did contribute immensely from the college activities perspectives.

The Department of Computer Science in Association with Pragyna Science Forum conducted event “Incognito 2K21”. Also a 5 Day workshop on Developing E-Content using Canva was as well held. Department of Computer Science also conducted an online Guest Lecture on “Cyber Security and Ethical Hacking and Placement Talk”. The Computer Science Department as well happen to organize a virtual one-day Intercollege IT Fest, wherein Students from all over Bangalore and Hyderabad had participated.

The Department of Kannada conducted a 10-day certificate course on Nudi Tantramsha 6.0 for the benefit of the students. In addition, the Kannada Department conducted an event – Social Values in Literature. Department of Kannada also did conduct a series of online lectures on various themes. Kannada Sangha and Kannada

Department conducted guest lecture for Students on “Kuvempu Thoughts for Youth Community”. Department of Sanskrit and Vivekanada Adhyayana Kendra conducted a Special Lecture Program on “Bhagavadgeetha and Vivekanada – The Source of Self Confidence”. Thus we can see that the language departments were also not behind in coming up with various activities for the students.

We had quite a success in the field of sports. The department of sports and the Anukura - Forum for Women Empowerment of the college in association with Bengaluru Central University, conducted National Level Webinar on “Physical Activities and Health outcomes in Women”, the session was an interactive session with more than 400 participants from all over the country. Pawan M and Trilochan T. represented Karnataka and secured Gold Medals at Goa National Championship in Kabaddi. Saketh S. secured 3 Bronze Medals in State Level Swimming Men Competition. Goutham Raj M.S. secured Bronze Medal in State Level Athletics Competition. Delcia Sherly A. won Gold Medal in State Level Netball Competition. Thus we can see, yet another time the college proved its metal in the field of sports.

Further to state, ICC (Internal Complaints Committee) was formed and an online inauguration was done for the same. Anukura-Forum for Women Empowerment also held a Panel Discussion on “New legal Marriageable Age for women in India”. Thus as we can see the women empowerment cell happen to conduct quite valuable activities for students. The College Cultural Committee joined hands with SCOSA and organized a 7 Day Theatre Workshop. The college team also participated in many intercollegiate fests conducted by various colleges in Bangalore and won prizes multiple times.

Anveshana – Research Cell conducted a Virtual Two-Day Research Capacity Building Program on “Academic Publishing”. This Academic Year as well the college was not behind in organizing various programs in multiple disciplines which paved the way for the students and the faculty to interact, discuss with each other which in turn helped the either to enhance and showcase the talent and share knowledge. Department of Library and Information Centre in association with Anveshana Research cell arranged a webinar on “Research Visibility and Quality in the context of NAAC and NIRF”. Anukura and IQAC joined hands with United Nations Development Program and came up with a Workshop and Panel Discussion on “Equity + Equality = Gender Equality”.

From the Research perspective students presented a paper at the National Level Students Research Paper Competition and won prizes. In addition, students also presented a Research Paper at a 2 Day Intercollegiate Student Level Paper Presentation Competition. Online certificate course on Logistics and Shipping Management for students was conducted. The Commerce and Management Forum conducted their intercollegiate management fest: CRUX-2021, the event was conducted online.

During the pandemic period too NSS unit of the college organized various programmes and NSS volunteers rendered service to the society. It was a proud moment for the NSS unit and for the college as well where **Sri Somashekar. U., received the State Award for Best NSS Volunteer for the year 2019-20**. The NSS Unit of the college organized an International Panel Discussion on “Youth Against Drug Abuse Among Peers”. Around 200 volunteers both online as well as offline participated in the event. Youth Red Cross, NSS together organized a Mega Voluntary Blood Donation Festival. NSS

volunteers participated in the Aero India Show organized by DRDO and other related organizations. Our NSS Volunteers from the college participated in the Covid-19 War Room started by State NSS Cell in order to help people of Karnataka who were suffering cause of Covid-19. The NSS Unit also arranged a Cycle Rally – Cycle Jatha to Chikkamangaluru. In adding, the NSS unit also conducted an event – Cycle Jatha to spread awareness on Corona Virus. The NSS unit also organized a program “Seed Ball Sowing” conducted at Savanadurga. The NSS Unit conducted a workshop on “Individual and Social Responsibilities on Water Conservation”. The NSS unit also came up with an International Panel Discussion on “Youth Against Drug Addiction Among Peers”. It will be noteworthy to state that the college joined hands with BBMP (Bruhat Bengaluru Mahanagar Palike) and happen to conduct 5 Rounds of Covid-19 Vaccination drive in the campus for its Students, Staff Members and Alumni. Thus the NSS unit yet another time proved to be a physically active unit, even during the Covid-19 pandemic situation.

Ambedkar Study Centre had organized a National Webinar on “Internal Reservation & Supreme Court Judgement – An Insight” in addition to this Ambedkar Study centre in association with Rotaract Club of Seshadripuram College, URI (United Religions Initiative), IFGPE (Indian Foundation for Global Peace Education) had organized an international webinar on “Tolerance: An ingredient for Peaceful Co-existence”. In addition, “International Peace Day 2021” was observed in association with URI Bangalore, Rotary Club of Nuwara Eliya, Sri Lanka and IFGPE. Gandhi Study Centre in association with Kanakadasa Adahyana Peeta, Mangalore University conducted a one-day online webinar on

“Uniqueness of Gandhi”. As we can see the two centers did contribute in a valuable manner to the extracurricular activities of the college.

Post Graduate Department of Commerce and Management in Association with IQAC and Faculty Development Cell had organized a Two Day Virtual National Level Faculty Development Program on “Outcome based Education” through online platform, more than 200 participants were benefited from this program. A National Level Seminar from Post Graduate Department of Commerce and Management in association with IQAC and CESS did conduct a National Level Seminar on National Education Policy 2020 – Administrative Perspective. The Conference Committee conducted a 3 Day International Online Conference on “Covid-19 Afflictions on Global Markets and Impending outlook”. Also a three-day virtual National Level Seminar on “Digital Transformation and E-Governance Ramification in Social Resurgence” was conducted jointly by IQAC and Conference Committee. A National Level Workshop on “Challenges of General HEI’s to seek NAAC Assessment and Accreditation under the Revised Accreditation Framework” was also held. IQAC-Internal Quality Assurance Cell conducted a one-day workshop on “Preparing for Data Validation and Verification Process under the Revised Accreditation Framework of NAAC”. IQAC did a one-day workshop on “Revised NAAC Re-Accreditation framework – Preparation and Documentation”. An International Level Virtual Knowledge Sharing Workshop on “Creation of Future Strategists in the field of Education – Enduring process top excellence” was also conducted. College organized NAAC sponsored programme on “Internalizing and Institutionalizing Quality in Higher Education Institutions”

Once again during the Covid-19 pandemic situation, our Placement Team showed its muscle by placing 116 students from various disciplines successfully in 18 reputed organizations. The top CTC of Rs 5 Lac PA was offered to the deserving students. The BCA department this year attracted companies like Wipro Wase, Infosys, TCS to name a few.

Parent Teacher Meeting (PTM) for the students happened on a regular basis on a virtual mode for the academic year. Also to be noted that during the Covid-19 pandemic situation as well Student Counselling was conducted from time to time, so as to enable the students to focus better on their studies. The Internship committee strived hard and as a result 122 students completed their internships in various companies successfully. It will be noteworthy to state this that out of the total 122 students 9 students were a part of the **Global Internship Program** by Startuppreneur where the internships were provided by the startups incubated under **Nirmaan - an incubation center at IIT Madras**.

To balance the mindset of students Manasvi – The Counselling Cell organised a Webinar on “Art of Mind Management and Emotional Balance” Manasvi – Counselling Cell came up with an event “Setback to Comeback”. Thus we can see the counselling cell was quite active in the conduct of activities.

SCOCA – Sheshadripuram College Old Students Association happen to conduct Annual Alumni Get-Together. SCOSA Monthly newsletter were released with valuable and informative contents by alumni. This proves the point that the college still keeps a good connect with its alumni. NCC, NSS, Eco-Mitra came together and celebrated World Environment Day – in the respective

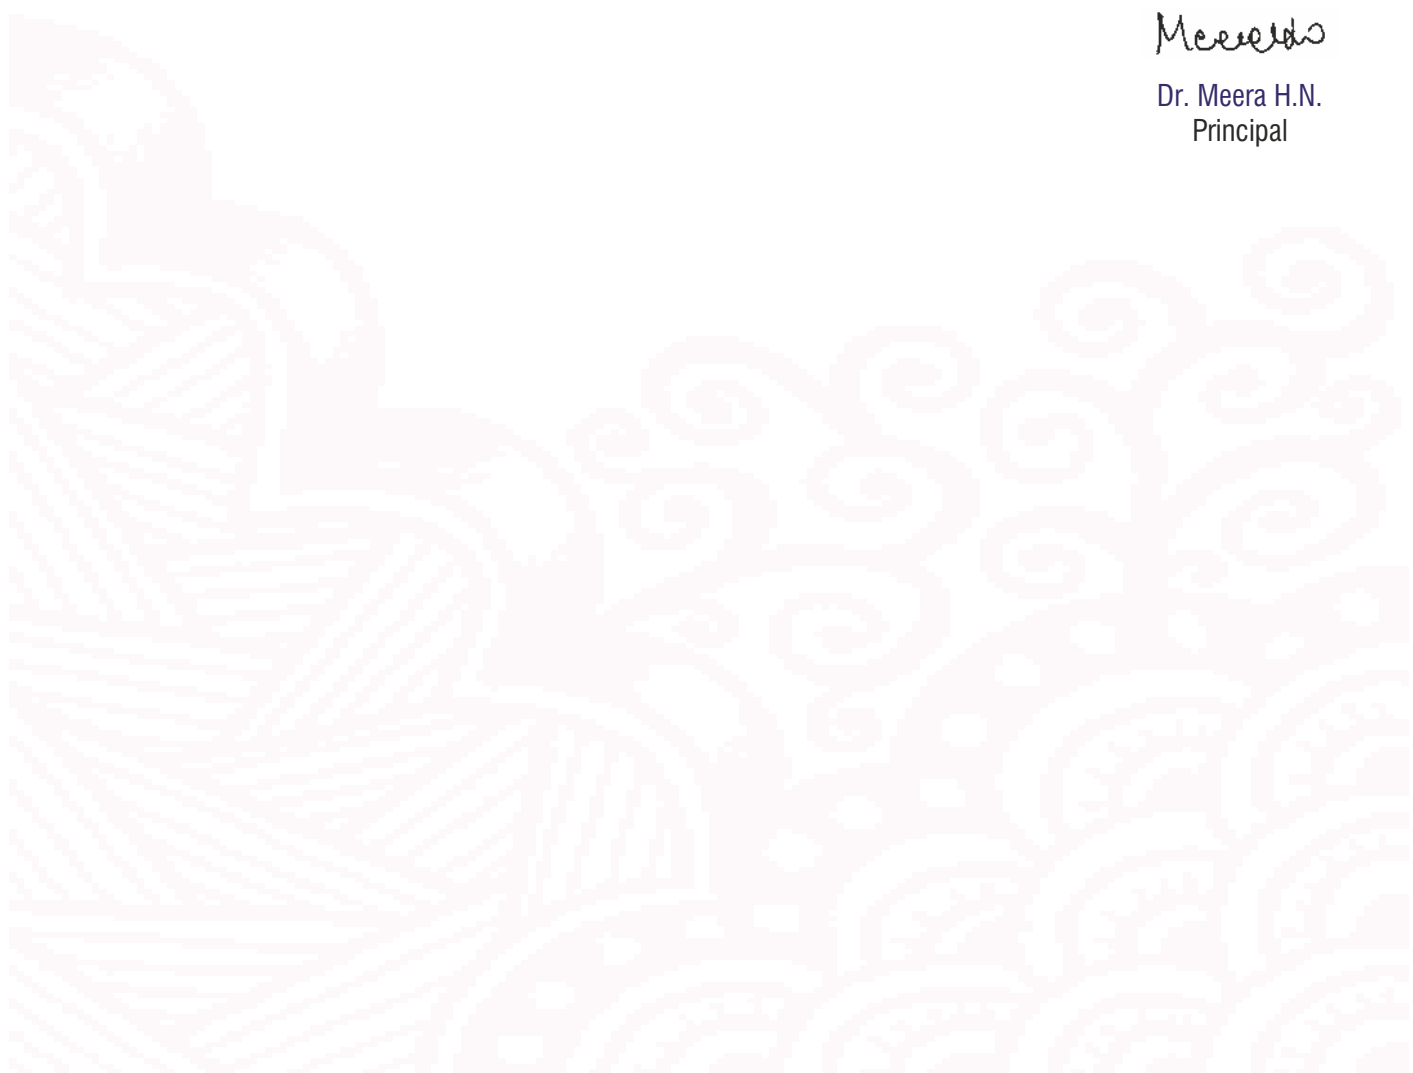

manner – Environment Day Celebration with the Theme “Ecosystem Restoration” a Webinar was as well conducted. NCC, NSS and Department of Physical Education and SCOSA did a virtual Yoga Workshop. Yet again we see a teamwork from different cells coming together and organizing activities.

Samitha – Community Engagement Cell conducted a National Level Students Webinar on “Community Interventions by Youth for Sustainable Development”. College organized an Inauguration of Student Council 2020-21 and Felicitation of Rank Holders of 55th Annual Convocation of Bangalore University. Samatha – Equal Opportunity Cell conducted an event –

“Discrimination: A Hurdle in Nation Building”. Tarang – Cultural Committee conducted Inter – Class Competition 2020-21. Anveshana – Research Cell and Unnati – Faculty Development Cell jointly conducted a three-day workshop on “Research Paper Writing Skills”. Intellectual Property Rights Cell conducted a Lecture Programme on “Perspective of Intellectual Property Rights”.

The success of the above activities – even during the Covid-19 pandemic was only possible because of the committed support by our honorable management, the continuous efforts put in by our teachers and support staff, as well immense participation from our sincere students.

Report on The Formation of Student Council

The Formation of Student Council was conducted in three phases- The Introduction, The Election and The Inauguration. The members of student council was elected through an indirect election with the Electoral College consisting on Class Representatives from all the streams and the nominees were 3rd year students nominated from various forms and committees. The process of formation of Student Council was conducted under the guidance of Dr.Sapna G. S, Student welfare Officer; Prof.NavithaKushal, Staff Secretary and Prof.Lokesha, Staff Secretary and Student Welfare Officer.

The first phase of the Formation of Student Council was conducted on the 23rd December 2020. This program was conducted in order to introduce the nominees to the class representatives. The nominees and the class representatives gathered in Galleria for the introduction session. The nominees each gave a brief introduction about themselves. They spoke about their achievements, their thoughts and vision for the students of the college.

The second phase- the elections was held on the 28th of December, 2020. The program began a brief motivational speech by Prof.Kalanaik, Coordinator, BBA and was followed by instruction on procedure of voting by Dr.Sapna G S. The Class Representatives were given ballot paper with all the names of the nominees printed on it. Each class representative could choose two name on the list and drop the ballot in the ballot box. The votes were later duly counted and the results of the elections were announced on 20th January 2020.

On 10th of February, 2021 the final phase of the Formation of Student Council, The Inauguration was held in The Conference Hall. The program, Inauguration of Student Council and Felicitation of Rank Holders of 55th Annual Convocation Of Bangalore University was presided by the NadojaDr.Wooday P Krishana, Hon. Gen. Secretaty, Seshadripuram Educational Trust. Sri Ramanan C.V., Chief Architect, Engage India, was the Chief Guest for the program and the program was attended by Sri T. S. Henjarappa, Vice President, Seshadripuram Educational Trust; Sri M. S. Nataraj, Chairman governing council; Dr.Meera H. N., Principal, Seshadripuram College; Dr.Bhargavi V. R., Director, PG Study Centre; rank holder and their parents, heads of various departments and teaching and non-teaching staff. In the program, the members of newly elected members of The Student Council were given badges by the dignitaries. The members were later lead in taking the oath by Dr.Meera H N, Principal, Seshadripuram College. The Members swore to fulfil their duties honestly, to stand up against wrong doings and injustice and help every student of the college. The Formation of Student Council was conducted meticulously and fairness was ensured throughout the process.

LETTER FROM THE OUT-GOING PRESIDENT TO THE NEW COUNCIL

My journey in Seshadripuram College was great. I remember the very first day of my college. More than 300 students standing in the college quadrangle, excited to meet new people and happy to start a new journey. I was one of them, having no idea of how this new chapter would be for all of us.

I've been a pretty active student from my school, always enjoying to explore new activities and experiences. I therefore started working for various associations like Gandhi Committee and Language Department and Commerce based forums like Commerce and Management Forum and Entrepreneurship Cell. And I loved it.

Our college provides its students with a lot of opportunities in all the possible genres one can imagine. These opportunities help the students know their true potentials, help them know their interests and grow them. The various associations and forums help the students to apply what they have already learnt in classrooms and get ready to face the outside the college.

I was primarily based in the Commerce and Managements Forum and spent most of my time attending various fests. I also became one of the Student Co-ordinators. I had the opportunity to host various inter-class and inter-college events. It was a tremendous experience.

All these experiences helped me to understand and develop various skills such as leadership, adaptability and teamwork. This very institution helped me to grow - from attending various events to organizing and hosting them and this made me realize that I had to do something to give back to the college.

My batch was the very second batch to have a Students' Council in Seshadripuram College. I had the privilege of serving as the President and that struck a chord. I found a way to give back to the college for everything it gave to me. It's all about the Institution and the people that the Council represents. To want actual betterment and work towards the betterment of the Institution is the prime purpose of existence of the Students' Council.

The Council tries to help the institution in every possible way. May it be helping other forums with events, organizing events from the Council independently or providing necessary help and support to the fellow students, the Council always aims to help the institution in its big and small ways. Sure, personal growth is important but when you're a part of something big, you owe it your all.

You are the elected members of the Students' Council. You were elected by the fellow students of the institution. They believe you can be the best representation of the Students for the institution.

I believe the college has given you a lot of learning and growth and I think this is the best opportunity to give it back. The Students' Council was made by the students of Seshadripuram and I firmly believe that the Council should be for the service of these students.

Keep your heads up high. You must outperform my Council and its members. Serve the college you're a part of. Serve the students to you represent. Serve the best of your ability. Strive for Excellence. Strive for glory. Be the best version of yourself. I wish you all the best with future endeavors.

LETTER FROM THE OUT-GOING SECRETARY TO THE NEW COUNCIL

College, a journey of learning, fun and experiences. Entering college, for me personally, the fear of the unknown was greater than excitement of something new. But I looked forward to the new challenge life gave me. Starting off, I had a low expectation as I was trying to figure out where do I fit in in this college. I looked forward to attending classes and going home. As the journey of three years in college went on, I was surprised by all the new things I had tried and done. With each passing day, my expectations for me grew. It took me quite some time to figure that 'College Life' is more than just about attending classes, but eventually I got there. College turned out to be a place of 'New'. The things to try and do, the opportunities, the possibilities were endless. So, as I figured what I wanted to do or who I wanted to be, I learnt a lot, made a few mistakes but most of all, I found my happy place and I am proud to call Seshadripuram College my Alma Mater.

Thinking back, one of the first things that comes to mind, is my first time on stage in this college. Since my school days, I used to sing, I was used to being on stage. But this time got an opportunity to be on stage not to sing, but to give a speech. It was a national level conference and I was to introduce and welcome the guests. Oh boy! The nerves were real. The speech itself went pretty great (excepts for a few mistakes), but in the end I found a new thing I enjoy, giving speeches. Since then, I have given numerous speeches for various programs. I just didn't have the heart to say no when I was asked. The nerves eventually went down and I started to enjoy the process. The process of writing the speech, figuring out the order, changes in the script, the rehearsals, making the 'final scripts', last-minute on-stage changes, these are the small things I will remember for the rest of my life.

Most of my time spent in college was, working for Ankura, the English Department and the Commerce and Management Forum. All of them opened up different avenues. Each program I was a part of was different than the other and each of them had a significant impact in who I am today. Through these platforms, I have been a part of speeches, panel discussions, conferences and fests. I even had the opportunity to be a part of the organising committee of various inter-class competitions and inter collegiate fests. For someone who

thought that cultural activities was their strength, Seshadripuram College gave me opportunities to discover that I can do much more than singing. Each and everything that I have learnt in this college was because of the platform which Seshadripuram College created for me.

College is a part of the stepping stones life has in place for us. We need to go through it in order to get to the end which is being a successful person. College is not only a stone that you jump over to reach your goal, but it is a place where you can stop reset and figure yourself out. I was selected to become a Student Coordinator for the Commerce and Management Forum and Ankura in my second year of college. Observing seniors and following them was the way of learning. I tried my best to learn everything that I could so that I could be as good as they were in my final years. We were used to working a certain way. Our event, competitions had a set format. But fate had a different plan – Covid-19, everything went virtual. Never had I imagined to spend the final year of my college life in front of a laptop at home. We decided to make the best out of the situation. It was decided to continue the fun of organising, participating and learning but in a new format i.e., online. The transition was not easy but we eventually made it.

In the final year, I had the opportunity of being a part of the Students' Council of our College. I was elected as the Secretary of Students' Council for the year 2020-21. With this came new exposures, new duties and responsibilities. Being a part of Students' Council gave me a boost of confidence. The whole goal of college life was not just to get a degree but to become a better version of oneself, ready to face life as it comes. Being a part of Students' Council came with its own set of challenges and each of these challenges gave me more confidence in facing life.

As a part of Students' Council is not just a post you take but a responsibility to represent your college and your fellow students in everything that you do. With everything you do in college, one must work to make college a better place, make it greater than it is today. Together as the Students' Council, you must make college a better place for each and every one of its students. It is an honour to be a part of the prestigious college and even a bigger honour to represent its students. On that note, I encourage everyone to try new thing, make mistakes, learn, and help others learn. Represent our college with pride and make take its name newer heights. Together you can make a difference and be better people for the college and the future. Give it your best and you will reach your goals. I wish the best of luck for all your future endeavours.

CYCLE JATHA (BANGALORE-CHIKKAMAGALUR)

NSS Unit of Seshadripuram College organized a Cycle Jatha in Association with State NSS Cell, Government of Karnataka and Bengaluru city university on the occasion of 75th Independence Day (Azadi Ka Amrit Mahotsav india @75) from Bangalore to Chikkamagalur. This 250kms Cycle Jatha was flagged off on 15th August 2021 by the Honorable Chief Minister of Karnataka Basavaraj Bommai In presence of Chief Secretary Sri P Ravi

from Vidhana Soudha. The event was presided by extremely high profile dignitaries. After flag off the group cycled to Gandhi Bhavan from where 20 volunteers of Seshadripuram College started their journey to Chikkamagalur.

Day one is always the time when everyone is very enthusiastic and energetic to cycle; though we were late by 2 hours from our planned schedule we gave it our best. Adichunchanagiri a very well known town and religious place of India was where we halted on Day-1. The trustees of Adichunchanagiri were very generous and provided us with a very comfortable place to rest and sleep.

Day two is actually the real test day when all the body pain, cramps etc show up but majority of our volunteers were completely ready for the challenge because of their previous cycling experiences. Second day the volunteers had to cover almost 140kms to reach Chikkamagalur. Bangalore-Chikkamagalur was definitely the toughest route our volunteers have cycled this 250kms stretch felt more difficult than 500kms covered previously mainly because of the steep roads. All the volunteers still gave their level best and managed to reach Chikkamagalur little late but yes they did it! Chikkamagalur greeted us with a beautiful sunset and pleasant weather. Higher officials greeted all the volunteers with lot of respect. After a tiring day all volunteers rested as Day Two was more important. Day Three the District Commissioner of Chikkamagalur welcomed and congratulated us for our achievement. Further it was followed with Certificate Distribution, Photo Session and some media coverage. Later the District Commissioner allowed volunteers to travel to prime tourist spots of Chikkamagalur. "Heaven on Earth" is what we can describe Chikkamagalur as. After all travelling all volunteers came back and some fun time among them in the room and followed by departure on the next day.

LAKSHYA - Commerce and Management Forum

LAKSHYA, amidst the current situation, still proceeded to conduct events this academic year. It began with SPOTLIGHT in December 2020 with MANAS and SPECTRUM in July 2021. LAKSHYA also conducted their inter-collegiate management fest: CRUXx 2021 - Senescence in August 2021, all conducted online. The college team also participated in many intercollegiate fests and won multiple times.

Inter-Class Events

Odd Semester Spotlight

Spotlight-2020 was the inter-class Commerce and Management Competitions conducted by Lakshya, the Commerce and Management Forum of Seshadripuram College. This series of competitions consisted of seven events, each event related to a different field. The events were held from 14th to 22nd December 2020. These events also served as a training session where the participant's aptitude, presentation, and analysis skills were challenged and tested to prepare them for various events in the inter-collegiate fests.

Spotlight-2020 was conducted from 14th of December to 22nd December with 7 events spread over days. The events were Human Resources, Marketing, Business Quiz, Mock Stock, Best Manager, Finance and Entrepreneurship Development Program. These events saw a total of 150 registrations with each event having an average of 30 participants. Each participant participated with enthusiasm and interest.

Most events had 3 rounds with the exception of Best manager, Mock Stock and Business quiz. The first round was aptitude, which was conducted on Google Forms, to test the general knowledge of the participant in the respective fields. The second round was a fun round, wherein the participant was given an activity related to the respective field to test their

creativity. The third round was a case study round. Here the participant was given a case to analyse and later present their solution to the problem in front of a judge.

Business Quiz had two rounds, the first being prelims conducted on Google Forms and the second being the finals. Participants who qualified the prelims, had to participate in finals which consisted of 4 rounds-regular text questions, visual questions, slogans and long connect, was held on Zoom.

Mock Stock was conducted on Zoom with three sessions each consisting of 3 slides of 4 news flashes. Participants were required to make an Investment Portfolio, Trading sheet for each session, and Cashflow Statement. Mock Stock was conducted for teams of two. Best Manager was a two-day event with six rounds spread over both days. The rounds included aptitude, treasure hunt, group discussion, case study presentation, elevator pitch, and stress interview.

Even Semester SPECTRUM 2021

Samata - Equal Opportunity Cell

Report on "A Hurdle in Nation Building."

On 29th December, Samata-the Equal Opportunities Cell organised a Online Lecture Session On Discrimination : A Hurdle in Nation Building.

The Speaker of session was HARIRAM.A , Founder, Advocate and Social Activist.

The speaker of session spoke about Nation Building is a multidimensional concept, and it involves the active participation of its citizens in various walks of life. A strong and powerful nation is built on dedication and hard work of its citizen and some amount of smart planning on the part of the Government. There are various facets of Nation building among which the most important ones at this moment in time seems to be the tapping the potential of its human resource, reducing the social and economic disparity that exists in the society and creating an enabling environment, wherein individuals can live freely and attain their best in life.

The contemporary literature on the issue of nation-building varies substantially on issues such as legitimacy, timing, order of development, and approaches. But nation-building as a concept is not one that is unique to the modern age.

And even Speaker also threw light on Article 15; prohibits discrimination by the state against any citizen on grounds 'only' of caste, religion, sex, race,

and place of birth. ... Fundamental rights are provided to every citizen of the country without any discrimination.

Speaker also spoke about " great leader who contributed their might for upliftment of nation, never bothered about things like caste and creed. Terming the caste system as a major hurdle in the way of taking the nation on the path of progress. Unfortunately, this trend is growing in the society.

The session concluded with an interaction with the speakers which was a great learning experience for the students, On Online Lecture Session On Discrimination : A Hurdle in Nation Building

The Speaker threw light on the various kinds of The prominent challenge to nation building is related to the fact that India is home to diverse religions and cultures, and hence developing one definitive and inclusive national identity is difficult.

Online Lecture Session On : A digital divide in India in the context of marginalizes communities.

Online Lecture Session On : A digital divide in India in the context of marginalizes communities.

On June 17th 2021, Samata - the Equal Opportunities Cell organized a Online Lecture Session On "A digital divide in India in the context of marginalizes communities". On this occasion the session was organized through online webinar, and the programme was addressed by the beloved principal and more 100 students from several streams (Bcom BBA and BCA) participated in the session.

The Speaker of session was Dr.S.Y Surendra Kumar, Associate Professor Dep.of Political Science

Bangalore University, Bengaluru.

The speaker of session spoke about digital divide, its simplest form refers to the binary division between people who own, or do not own, digital devices such as mobile phones or computers. It is also used to refer to the binary

division between people who are connected to the internet and mobile phone networks and those who are unconnected. This binary understanding of access or inclusion has been subject to increasing scrutiny in recent years and the literature has sought to go "beyond access" to develop a multi-dimensional understanding of digital divides,

The speaker also threw light upon, In an increasingly digital world, relatively privileged people are able to use their access to mobile and internet technologies to access clear digital dividends including remote access to health and education information, financial inclusion and digital pathways to economic and political empowerment. However, already disadvantaged people have less access, agency and ability to reap these digital dividends, and are being left further and further behind. One third of the world's population do not own a mobile phone, and 50% of the global population have no internet. A series of digital divides is adding new digital dimensions to poverty in the 21st century.

This is not a binary divide: new classes of technology access and connectivity experience are leading to a

range of different digital inclusions and exclusions. These digital dimensions of poverty often reflect, reproduce and amplify gender, racial and caste/class divides. As the relatively privileged upgrade to the latest generation of smart phones and connectivity speeds, and as ever more aspects of social, economic, and political life move online, the digitally disadvantaged experience widening inequalities. Development professionals require new diagnostic tools to analyze the digital access and everyday technology practices of those being left behind in their area of work. New research is necessary to understand the development implications in this dynamic space, including the impact of artificial intelligence (AI) on governance and work automation on employment and growth.

And the speaker concluded by saying that In an increasingly digital world, unless policy and practice is consciously designed to address the

specific needs of the most deprived, then the use of digital technologies risks excluding and further disadvantaging those already being left behind. If it did become politically possible to work with those at most risk of being left behind. The digital divide in India must be addressed and rectified. For starters, an increased financial stimulus is necessary to allow greater access to online resources for children who may not have any. This way, schools can rely on and distribute their own digital resources for at-home learning instead of depending on students to have mobile devices at home. Furthermore, this will provide essential funding to education in India, which already receives low government expenditure.

The session concluded with an interaction with the speakers which was a great learning experience for the students, On Online Lecture Session On "A digital divide in India in the context of marginalizes communities."

The inaugural address was followed by Introduction of the Guest by Aditi R. N., Student Member, Ankura.

The Guest, Dr Akkai Padmashali took over the session and addressed the gathering about different issues faced by the minorities during the pandemic. Dr Padmashali spoke about how the minorities are affected by the price hikes during the pandemic. With

lack of income owing to the lockdowns, and majority of sexual minorities working as either beggars of sex workers, it is difficult to sustain life as prices for basic necessities has risen drastically during the lockdown as earnings have either not increased or for some has even decreased.

Dr Padmashali spoke about the difficulties sexual minorities faced to have access to vaccinations and cremations. She informed the students of the constant fight with government and government agencies for basic necessities. Some of the ongoing fights with the government include fight to be included in the relief package, vaccinations and protection. Dr. Padmashali also spoke about how acceptance of sexual minorities must be included in educational courses and that NEP does not cover the topic. She spoke about social acceptance and violence against the minorities and how it has increased during the pandemic.

The session was later open for questions from the audience, where questions relating to bias, treatment and aids offered to minorities were asked by the audience and were duly answered by Dr Padmashali. The session was followed by a vote of thanks which was delivered by Harshith, Student Member, Samatha. The program received positive feedback from the audience and many said that they were made aware of the struggles of minorities which are not often talked about. The program was conducted under the guidance of Prof. Nirmala R, Convenor Samatha and Prof. Tejaswini P., Convenor, Ankura.

Report of Panel Discussion on “New Legal Marriageable Age for Women in India”

Ankura – Forum for Empowerment of Women, conducted a Panel Discussion on “New Legal Marriageable Age for Women in India” on the 12th of February 2021 for all UG students. Ankura conducted the event to inform and educate the students on the relation between age and consent of marriage. The moderator for the program was Brinda Adige, Women’s Activist, Volunteer Mentor, GCI. and the panellists were Dr. Padmini Prasad, Gynecologist and Sexologist; Ms. Prathima Honnapura, Add. Govt. Advocate, Govt. of Karnataka, High Court; Ms. Roseline Florence Gomes, Professor and Mental Health Consultant.

The program was held in the conference hall and was attended by students of all streams and faculties. The panellists were invited from different fields to get an in-depth view of the topic. The panellists gave their points of view of the topic from their respective specialisations. In a nutshell,

The panellist to present first was Dr. Padmini Prasad Gynecologist and Sexologist. She spoke about the changes in the women’s body after attaining puberty and how marriage at young age can affect women’s body and the complications that come with it.

The second panellist to present was Ms. Roseline Florence Gomes she gave a very personal and touching story about what her mother went through which steered her into this path so that no other women would have to go through what her mother went through at that age. She also spoke about the psychological impact of marriage and motherhood on young women.

The final panellist was Ms. Prathima Honnapura. She gave an insight of the legal perspective and told the cases she had encountered which made her think how much more important it is for the bill to be passed and the role of the judiciary in all of this.

The moderator Ms. Brinda Adige explained how covid has impacted women who are being forced to get married despite being underage due to economic pressure. She also gave a few anecdotes of her experience counselling such women and the effect it has on their well-being.

The panel later opened for questions from the audience where the students cleared their doubts and queries from the panellist. The questions varied from the psychology of a person behind getting married to maintaining health post marriage and pregnancy.

The discussion was very informative and gave a complete picture on the thought behind changing the minimum age for marriage in women. The program was well received by all those who attended and was highly appreciated.

On 5 June, 2021, Ecomitra Nature Club commemorated World Environment Day by organising a Webinar regarding environmental concern in our own city-Bengaluru.

The Webinar was titled-'Understanding Ecology and Environment of Bengaluru'. The Guest speaker for the occasion was -Dr T.V. Ramachandra, Associate Faculty, Centre for Infrastructure and Urban Planning (CiSTUP), Centre for Sustainable Technologies (Astra), Indian Institute of Science, Bengaluru.

Dr Ramachandra who has led practical research in environmental issues pertaining to our city spoke of the ecological concerns Bengaluru is facing. Over the decades, lakes have disappeared, many naturally and several covered up and converted to land for real estate development. The tree cover too has drastically reduced to make way for infrastructural development. Sir also shone light on other issues such as-garbage, pollution; depleting ground water etc. He spoke of the need to fix these issues before it is too late. He suggested ways in which students could engage in reversing these problems.

The programme was attended by over 100 participants on Zoom as well as on Youtube where it was live streamed.

AVOIDING SYRINGE SHARING CAN SAVE LIVES

INTRODUCTION:

Syringe sharing/Needle sharing is the practice of intravenous drug-users where a needle or a syringe is shared by multiple individuals. Sharing syringe to inject any substance (including steroids, hormones or silicone) puts one at risk of HIV and other infections like Hepatitis C. Individuals are at risk whether they are injecting under the skin only or directly into the bloodstream.

RESEARCH METHODOLOGY:

STATEMENT OF PROBLEM

Avoiding syringe sharing can save lives. Sharing of needles comes with high risk and diseases. Lack of awareness in rural as well as urban parts of India, lack of information about needle and syringe sharing causes severe problems.

REVIEW OF LITERATURE

1) In the research paper, Five years of Needle Syringe Exchange in Manipur India Program and contextual issues, by Abhina Aher and others, (2018) India HIV/AIDS Alliance in Research Gate publication, states that number of people affected in India reduced drastically by 27% and death reduced by 56% and 71% of them were aware of their situation and were on ART treatment. Key people affected were sex workers, MSMs, PSDIs, transgender, migrant workers and truck drivers.

2) University of Nevada at Las Vegas researchers published in the Indian Journal of Community Medicine found that 12% of HIV, 46% of Hepatitis B and 38% of Hepatitis C infections in India are associated with unsafe injections. Illegal recycling of medical equipment and sales of the same in the market.

OBJECTIVES OF THE STUDY

- To spread awareness among the Youth against syringe sharing.
- To gain knowledge about the issue.
- To educate youth about the causes and effects of needle sharing.

TYPE OF RESEARCH AND SOURCES OF DATA

Type of Research: Descriptive research is used for the above study.

Source of data: Secondary data is collected from research publications, articles, journals, websites, Wikipedia etc.

SCOPE OF STUDY

Each and every individual has to be aware of the problems caused due to needle sharing to ensure their safety. It also helps in preventing the spread of diseases as one is aware of the problems caused due to syringe sharing

ANALYSIS AND INTERPRETATION

GUIDE

SINDHU M.M

PRESENTED BY

M.S KEERTHANA (II BBA 'A')

K.N TANUJ (II BBA 'A')

FINDINGS

- Major victims of needle sharing are sex workers, prisoners, transgender, people who inject drugs(PWDIs), people with disabilities, women and children.
- PWDIs are 22 time more prone to getting HIV than the rest of the population.
- It is estimated that over 15.6 million are injecting drugs out of which 8.2 million (52.3%) are exposed to the risk of getting Hepatitis C virus and 2.8 million (17.8%) are affected with HIV.
- Out of 10 HIV positive individuals, 1 is affected due to syringe sharing.
- The countries that are affected more due to syringe sharing are Russia, China and The United States of America (USA).

CAUSES AND EFFECTS

- Needle sharing can cause severe diseases and health issues. According to a research in slums of Mumbai, a doctor was seen sharing syringe under the misconception that syringe can be used twice, whereas needle should be used once.
- It causes HIV and if not treated can cause AIDS, the cure for which is not yet found and hence a life-time disease.
- It can also cause Hepatitis C, that is liver infection and at times may lead to cancer.
- Sepsis, tuberculosis and HBC are also few diseases that is caused by needle sharing.

AWARENESS STRATEGIES

- Need to spread awareness by organizing needle exchange programs.
- Associate with NSS units of colleges, NGOs and WHO agencies to organize programs and enlighten students regarding ill effects of syringe exchange through lecture programs, interaction with affected individuals, posters, street plays and rallies.
- Educating medical waste collectors to handle the waste at utmost care, as there are chances of getting sting by the used syringes by accident which cause diseases.
- Spread message in the form of pop-up ads which helps in news spreading faster and reach large number of people.

SUGGESTIONS :

- Discarding needles in regular household trash bins endangers children, pets, janitors, and waste management services personnel; therefore, needles should be properly disposed off in FDA-cleared sharps container that is both puncture- and leak-resistant.
- Ban on illegal recycling industry that recycles used medical equipment and sells them again in the market.
- Availability of sufficient needles and syringes in remote areas of India to reduce infections.

CONCLUSION

Syringe/needle sharing is a practice that is going on from years and must be stopped as it can save life's. It's a bane that is plaguing the youth today. Educating people about the causes and effects and spreading awareness about the same helps in prevention of the disease. It is the responsibility of everyone in the society to stop the death's caused due to Syringe sharing . Let's lead a better life for a better purpose.

AVOIDING SYRINGE SHARING CAN SAVE LIVES

INTRODUCTION:

The acquired Immuno Deficiency Syndrome(AIDS) is a life-threatening condition caused by the human immune deficiency virus(HIV). The syringe invented in 1853 by French veterinary surgeon. Syringes are been used for the vaccination. Sharing of syringes from one person to other causes many problems and put at risk of HIV, to reduce the risk, should avoid the shared needles and other injecting equipment.

LEARN, AWARE, AWAKE

RESEARCH AND METHODOLOGY:

Because of the central role surveys play in research on AIDS and HIV, this appendix focuses on methodological aspects of this data-gathering method. Our aim is presenting this material is to provide researchers conducting survey regarding sharing of syringes is harmful and it has to be avoided.

STATEMENT OF THE PROBLEM:

The socio-economic impact of HIV/Aids is influenced by a multitude of external and internal factors which are intertwined in complex systems of mutual reinforcing determinants necessary to achieve sustainable and competitive success. However, attempts to draw medical comparisons of the costs of HIV/Aids with that of other illness have failed as it did not deal with the real issues that led to the negative socio-economic outcomes.

REVIEW OF LITERATURE:

The literature review begins with a short background regarding aids in various articles published before 2009 that described model of HIV Progression in humans. We classified the model by their mathematical structure and research question. We reviewed and classified the articles to inform our conclusions.

OBJECTIVE OF THE STUDY:

The study aims to put forward recommendations that will allow policy makers to utilise mechanisms that define and frame the HIV/Aids problem in a fiscal responsible manner. This means that policies must be responsive to the perceived needs and communicate the legislative intention. Every person must aware about the causes of Aids by syringes sharing and be careful while taking vaccination and must spread awareness regarding it.

FINDINGS AND CONCLUSION:

Finding a cure for HIV/Aids is top of the government's agenda as HIV infections continue to grow when the syringes are shared between people. The problem related to this have major impacts on future health strategies as the negligence of sharing of needles are reportedly increasing. Hence the Government has to take strict actions on this issue and spread the awareness to each one of them.

YOUTH TO MAKE CONCERTED EFFORTS ON SUSTAINABLE BASIS TO COMBAT HIV

INTRODUCTION

The human immunodeficiency virus (HIV) targets the immune system and weakens people's defense against many infections and some types of cancer. As the virus destroys and impairs the function of immune cells, infected individuals gradually become immunodeficient. Immune function is typically measured by CD4 cell count. Currently, over 30% of all new HIV infections globally are estimated to occur among youth ages 15 to 25 years. There are 5 million youth living with HIV. HIV continues to be a major global public health issue, having claimed almost 33 million lives so far of which the majority belong to the youth category.

REVIEW OF LITERATURE

- Venkataraman Chandra Mouli, Subidita Chatterjee (1995) The research emphasizes on the interventions designed to increase young people's use of health services regarding HIV from different countries. It shows the strategies implemented to existing facilities as a way to attract young people.
- Dr. Allison Ruark (2015) This study shows the evidence for interventions which addresses HIV risk among young people aged 10-24 years in low and middle income countries and the impact on transmission of HIV and support of HIV treatment for young people living with HIV.

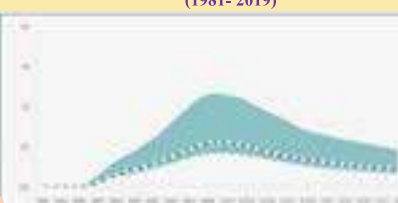

FINDINGS

We reviewed articles and reports that were included in this review, including 19 reviews and meta analyses, 2 commentaries, and 63 peer-reviewed articles, conference presentations. A clear progression was noted in the literature reviewed, from a focus on behavior change, communication interventions in the early 2000s, to socio-economic approaches and cash transfer interventions in the late 2000s and early 2010s.

OBJECTIVES

- To understand the effect of HIV in youth and focus on ways and achieve global goals.
- To identify successful HIV/AIDS prevention interventions targeting youths and delivered geographically in developing countries.

TREND OF ADULT HIV PREVELENCE IN INDIA (1981- 2019)

RESEARCH METHODOLOGY

We reviewed a search that was carried out using Google Scholar and combinations of the search terms HIV, AIDS, youth, effectiveness, evaluation, impact or result. Articles from January 2006 through October 2015, which addressed young people in low middle-income countries. And their health behavior change, communication approaches, Integrated and multi-sectoral socio-economic approaches.

CONCLUSION

HIV estimations 2019 has established that the country is on track to achieve the reduction in AIDS related deaths nationally as well as in many States/UTs. However, the initiatives for addressing the number of new HIV infections require more focused attention to achieve the goals to combat HIV in youth.

ಕೊರೋನ, ನೀ ಮಾಡುತ್ತಿರುವುದು ಸರೀನಾ...?
[ಮನುಷ್ಯ ಪ್ರಕೃತಿಗೆ ಮನವಿ ಮಾಡಿಕೊಳ್ಳುತ್ತಿರುವುದು]

ಕ್ಷಮಿಸು...

ದಯವಿಟ್ಟು ನಮ್ಮನ್ನು ಮನ್ನಿಸು;
ನಮ್ಮಿಂದ ನಿನಗೆ ಹಾನಿಯಾಗಿದೆ,
ಈ ಸಂಗತಿ ನಮಗೆ ಅರಿವಾಗಿದೆ...!

ಕೊರೋನ ರೂಪದಲ್ಲಿ ದೃಢವಾಗಿದೆ ನಿನ್ನ ವಿಕೋಪ
ಸಹಿಸಲಾಗುತ್ತಿಲ್ಲ ಈ ಜನರ ಸಂತಾಪ;
ಮಾನವಕುಲವನ್ನು ಶಿಕ್ಷಿಸಿದೆ,
ಬಡವ-ಶ್ರೀಮಂತರೆನ್ನದೆ ಎಲ್ಲರನ್ನು ಭಕ್ಷಿಸಿದೆ...!

ಸಾಕುಮಾಡು ನೀಡುತ್ತಿರುವ ಶಿಕ್ಷೆಯನ್ನು,
ಬೇಡುತ್ತಿರುವ ಜೀವನದ ಭಿಕ್ಷೆಯನ್ನು;
ತಾಳಲಾರೆನು ನನಗಾಗಿರುವ ಆಯಾಸ,
ಸಾಕಾಗಿದೆ ಮನೆಯಲ್ಲಿಯೇ ಜೈಲುವಾಸ...!

ಕ್ಷಮಿಸು...

ದಯವಿಟ್ಟು ನಮ್ಮನ್ನು ಮನ್ನಿಸು

ಅಂಧಕಾರ

ಪರಿಭಾಷೆಯ, ಪರಿಭಾವದ
ಪರಿವೇಷದ ಪ್ರತಿಭಾವಂತ ಮನುಜ
ಎಲ್ಲಿಂದಲೋ ಈ ಚೇತನ, ನಿನಗೀ ಸಹಜ

ಅಲ್ಲಿ ನೋಡು, ಇಲ್ಲಿ ನೋಡು
ಎಲ್ಲೆಡೆಯೂ ಸಾರುತಿಹುದು
ನಾವು ಭಾರತಂಭೆಯ ಮಕ್ಕಳೆಂದು
ಆದರೂ ನೀ ಏಕೆ ಬದುಕುತ್ತಿರುವೆ
ಪ್ರಾಂತೀಯವಾದದ ಅಮಲಿನಲಿ

ಒಂದೊಂದು ಭಾಷೆಯು ಭರತ ಮಾತೆಯ
ಭರಣದ ಮುತ್ತುರತ್ನಗಳಾಗಿರುವಾಗ.....
ಒಂದೊಂದು ಪ್ರಾಂತ್ಯವು ಭರತ ಮಾತೆಯ
ಅಂಗಾಂಗಗಳಾಗಿರುವಾಗ.....
ಏಕೆ ಈ ಘರ್ಷಣೆ
ಏಕೆ ಈ ಯುದ್ಧ.....

ಸೊರಗುತಿಹಳು ನಮ್ಮ ಭರತಮಾತೆ
ತನ್ನ ಮಕ್ಕಳ ಮೌಢ್ಯತೆಯ ಕಂಡು,
ಬೆಳಕಾಗ ಬೇಕಾದ ಯುವ ಪೀಳಿಗೆಯೇ
ಪ್ರಾಂತೀಯವಾದದ ಅಂಧಕಾರದೆಡೆಗೆ ಸಾಗುತ್ತಿರುವುದನ್ನು ಕಂಡು.

ಓ ಮನುಜ, ನೀ ತಿದ್ದಿನಡೆದರೆ
ಈ ದೋಣಿ ಸಾಗುವುದು ದೂರ ತೀರದ ದಡಕ್ಕೆ
ಇಲ್ಲದಿದ್ದರೆ ಮುಳುಗುವುದು

ಪರಿಭಾಷೆಯಾದರೂ, ಪರಿಭಾವವಾದರೂ
ಒಂದೊಂದು ಭಾಷೆ, ಒಂದೊಂದು ಪ್ರಾಂತ್ಯವು
ಭಾರತಾಂಭೆಯ ಮುತ್ತು ರತ್ನಗಳಲ್ಲವೆ ? ಆದರೂ ಏಕೆ ಈ ಅಂಧಕಾರ.

ಎಲ್ಲರೂ ಗೂಡಿ ಚೈತನ್ಯಗೊಂಡು
ಹಾಡಿದಾಗ.....
ನಾ ಹಾಡುವೆ, ಭಾರತಾಂಭೆ ನಿನ್ನ ಜನ್ಮದಿನ ಎಂದು.

ಬಾಲ್ಯದ ದಿನಗಳು

ಜೀವನದಲ್ಲಿ ಬಾಲ್ಯ ಎನ್ನುವುದು ಸವಿನೆನಪುಗಳ ಬುತ್ತಿಯೇ ಹೌದು. ನಾವು ಮಾಡಿದ ತುಂಟಾಟ, ಚೇಷ್ಟೆಗಳು ಮತ್ತು ತಿಳಿಯದೆ ಮಾಡಿರುವ ಅವಾಂತರಗಳು ಇವೆಲ್ಲವು ಆ ಬುತ್ತಿಯೊಳಗೆ ಸೇರಿಕೊಂಡು ಮುಂದೊಂದು ದಿನ ಸುಮ್ಮನೆ ಮೆಲಕು ಹಾಕಿಕೊಂಡು ಕೂರುವಾಗ ನಮಗೆ ನಗೆಯ ರಸದೂಟವಂತು ತಪ್ಪಿದ್ದಲ್ಲ. ಈ ರೀತಿಯ ಬಾಲ್ಯದ ಕ್ಷಣಗಳು ನಮ್ಮೆಲ್ಲರ ಜೀವನದಲ್ಲಿ ಅತ್ಯಂತ ಅಮಲ್ಯವಾದದ್ದು ಹಾಗೂ ಪ್ರತಿಯೊಂದು ಪ್ರಸಂಗವು ಒಂದೊಂದು ಸವಿ ನೆನಪುಗಳನ್ನು ಸೃಷ್ಟಿಸುವಂತದ್ದು ಅದರಲ್ಲೂ ಮನಸ್ಸಿಗೆ ಬಹಳ ಸಂತೋಷವನ್ನು ಉಂಟು ಮಾಡುವ ವಿಷಯಗಳೆಂದರೆ ನಾವು ಚೊಚ್ಚಲವಾಗಿ ಮಾಡಿದ ಪ್ರತಿಯೊಂದು ಪ್ರಯತ್ನವೂ ವರ್ಣಿಸಲಾಗದಂತಹ ಅನುಭವ. ಮೊದಲ ದಿನದ ಶಾಲೆ, ಮೊದಲ ಸ್ನೇಹ, ಮೊದಲು ಕಲಿತ ಅಕ್ಷರ ಅದನ್ನು ಕಲಿಸಿದ ಗುರುಗಳು, ಇಷ್ಟದ ತಿನಿಸು, ಶಾಲೆಯ ರಂಗಮಂದಿರದಲ್ಲಿ ಮಾಡಿದ ನೃತ್ಯ, ಸಂಗೀತ ಮತ್ತು ಹಬ್ಬದ ದಿನ ಅಷ್ಟ ತಂದ ಬಟ್ಟೆ ಹಾಗೂ ಬಾಯಿ ಚಪ್ಪರಿಸಿವಂತಹ ರುಚಿ ರುಚಿಯಾದ ಊಟ ಕುಟುಂಬದ ಜೊತೆಗೆ ಸಂಭ್ರಮ ಪಡುವಂತಹ ಕ್ಷಣಗಳು, ಗೆಳೆಯರ ಜೊತೆಗಿನ ಆಟ ಪಾಠ ಇವೆಲ್ಲವೂ ನಮ್ಮೆಲ್ಲರ ಬಾಲ್ಯದ ಒಂದು ಅವಿಭಾಜ್ಯ ಭಾಗವಾಗಿ ಅನೇಕ ಅಮೂಲ್ಯ ಅನುಭವಕ್ಕೆ ಪಾತ್ರವಾಗಿದೆ.

ದಿನ ಬೆಳಗಾದರೆ ಎಂದಿನಂತೆ ಮೊಬೈಲಿನ ಅಲ್ಲಾರಮ್ಮ ಬಡಿದುಕೊಂಡಾಗ ಹೊರಗೆ ಜಿಟಿ ಜಿಟಿ ಮಳೆ ಸುರಿಯುತ್ತಿತ್ತು ಐದು ನಿಮಿಷ ಬಿಟ್ಟು ಎದ್ದರಾಯಿತು ಎಂದು ಅದನ್ನು ಸುಮ್ಮನಾಗಿಸಿ ಮತ್ತೆ ಮುಸುಕೆಳೆದಿದ್ದೊಂದೇ ಗೊತ್ತು. ಗಂಟೆ ಏಳಾಗುತ್ತಿದೆ! ಹಾಲು ತರಲು ಹೋಗ್ತೀ ಇಲ್ವಾ ? ಎಂದು ಅಮ್ಮನು ಕೆಳಗಿಂದ ಕೋಗಿದಾಗಲೇ ಎಚ್ಚರವಾಗೊದು. ಸಣ್ಣ ಮಕ್ಕಳಾದ ನಮಗೆಲ್ಲ ಆವಾಗ ಬೇಗ ಎಳೋದು ಎಂದರೆ ದೊಡ್ಡ ಸಾಹಸವೇ. ಆವಾಗ ಮಳೆಗಾಲವನ್ನೋದು ಕರೆಕ್ಕಾಗಿ ಮೇ ಅಂತ್ಯದಲ್ಲೇ ಶುರುವಾಗಿ ಬಿಡುತ್ತಿತ್ತು. ಅಂಗಳದಲ್ಲೊ ಮನೆ ಆಚೆಯೋ ನೀರು ನಿಂತರೆ ಸಾಕು,

ನಮ್ಮ ದೋಣಿಗಳೆಲ್ಲ ನೀರಿಗೆ ಇಳಿಯುತ್ತಿದ್ದವು. ಕಳೆದ ವರ್ಷದ ನೋಟು ಪುಸ್ತಕದ ಹಾಳೆಗಳು ದೋಣಿ, ಡಬಲ್ ದೋಣಿ, ಕತ್ತಿ ದೋಣಿ ಆಗಿ ನಮ್ಮ ಅಮ್ಮನ ಕ್ಯಾಪ್ಸನ್ನಿನಲ್ಲಿ ದೇಶಾಂತರ ಹೋಗಿದ್ದ ಮುಷಿ ಈಗ ವಿಮಾನದಲ್ಲಿ ಹೋದರು ಬರುವುದಿಲ್ಲವೇನೋ. ಮುಂಗಾರು ಮಳೆ ಶುರುವಾಗುತ್ತಲೇ ಆಲಿಕಲ್ಲು ಬಿದ್ದರೆ ಸಾಕು ಮನೆಯಲ್ಲಿ ಬೇಡ ಎಂದು ಬೈದರು ಕೇಳದೆ ಅದನ್ನು ತೆಗೆಯಲು ಓಡುತ್ತಿದ್ದದ್ದು ಈಗಲು ಮರೆಯಲಾಗದ ನೆನಪು. ಇನ್ನೂ ಮಣ್ಣು ರಸ್ತೆಯಲ್ಲಿ ಜಾರಿ ಬೀಳೋದಂತು ಪ್ರತಿದಿನ ಇದ್ದಹಾಗೆ ಇರುತ್ತಿತ್ತು ಅಪ್ಪಿತಪ್ಪಿ ಕೆಸರಿದ್ದಲ್ಲಿ ಬಿದ್ದಂತು ಮುಗೀತು ಯುನಿಫಾರ್ಮಿನ ಬಟ್ಟೆಯಲ್ಲಿ ಕೆಂಪು ಕೆಂಪು ರಂಗಿನೋಕುಳಿ ಶಾಲೆಗೆ ಹೋಗಲು ಮನಸ್ಸಿಲ್ಲದವರಿಗೆ, ಬೇಕಂತಲೇ ಚಕ್ಕರ್ ಹಾಕುವವರಿಗೆ ಇದೊಂದು ಒಳ್ಳೆಯ ನೆಪವಾಗಿತ್ತು. ತಿನ್ನೋ ವಿಷಯಕ್ಕೆ ಬಂದ್ರೆ ಮಳೆಗಾಲದ ಅಚ್ಚುಮೆಚ್ಚಾದ ಜೋಳ, ಕಡಲೆಕಾಯಿ ಹಾಗೂ ಅಂಕೋಲೆ ಹಣ್ಣುಗಳಿಂದ ಹಿಡಿದು ಅನಾನಸ್ಸು, ಹಲಸಿನವರೆಗೂ ತಿನ್ನುವಷ್ಟು ಹಣ್ಣು ಸಿಗುತ್ತಿದ್ದವು ಆಗ ತಿಂಡಿ ತಿನಿಸುಗಳಿಗಂತು ಲೆಕ್ಕವೇ ಇರಲಿಲ್ಲ...

ನೀಲಿ ಚಡ್ಡಿ, ಬಿಳಿ ಅಂಗಿ, ಹಗಲ ಮೇಲೊಂದು ಸ್ಕೂಲಿನ ಬ್ಯಾಗು, ಅದರಲ್ಲಿ ಒಂದಷ್ಟು ಪುಸ್ತಕಗಳನ್ನು ಹೊತ್ತು ಹೊರಟರೆ ಸಂಜೆ ಶಾಲೆ ಬಿಡುವ ಸಮಯಕ್ಕೆ ಅಟೆಂಡರ್ ಹೊಡೆಯುವ ಗಂಟೆಯ ಸದ್ದಿಗೆ ಕಾತರಿಸುತ್ತಿದ್ದ ಕಿವಿಗಳಿಗೆ ಗಂಟೆಯ ಸದ್ದು ಬೀಳುತ್ತಿದ್ದಂತೆಯೇ ಓ... ಎಂದು ಆಟದ ಮೈದಾನದತ್ತ ದೌಡು. ನಾನು ಓದುತ್ತಿದ್ದ ಸಂತ ಜೇವಿಯರ್ಸ್ ಪ್ರಾಥಮಿಕ ಶಾಲೆಯ ನನ್ನ ಸಹಪಾಠಿಗಳೊಂದಿಗೆ ಸ್ವಾತಂತ್ರ್ಯ ದಿನಾಚರಣೆ ಮತ್ತು ಗಣರಾಜ್ಯೋತ್ಸವ ಸಂದರ್ಭದಂದು ಸಾಲಿನಲ್ಲಿ ಭೋಲೋ ಭಾರತ್ ಮಾತಾಕಿ ಜೈ, ವಂದೇ ಮಾತರಂ, ಜೈ ಕರ್ನಾಟಕ ಮಾತೆ ಎಂದು ಧ್ವಜಾರೋಹಣ ಕಾರ್ಯಕ್ರಮ ನಡೆಯುತ್ತಿದ್ದಾಗ ಕಿರುಚಿದ ನೆನಪು ಎಂದಿಗೂ ಅಮರ. ರಾತ್ರಿ ಮಲಗುವಾಗ ಅಜ್ಜಿಯ ಮಡಿಲಲ್ಲಿ ಕಥೆಗಳನ್ನು ಕೇಳುತ್ತ ಅರಿವಿಗೆ ಬಾರದೆ ಹಾಗೆ ನಿದ್ರೆಗೆ ಜಾರುತ್ತಿದ್ದ ದಿನಗಳವು... ಹೀಗೆ ಕಳೆದ ನೆನಪುಗಳು ಇನ್ನೊಂದು ಮರಳಿ ಬಾರವು.

ಆದರ್ಶ ವಿದ್ಯಾರ್ಥಿ

ಆದರ್ಶ ವಿದ್ಯಾರ್ಥಿಗಳು ಒಂದು ರಾಷ್ಟ್ರದ ಸಂಪತ್ತು. ಅವರು ತಮ್ಮ ದೇಶಕ್ಕೆ ಗೌರವ ತರಬಲ್ಲರು. ವಿದ್ಯೆಯೇ ತಮ್ಮ ಮೊದಲ ಗುರಿ ಎಂದು ತಿಳಿದಿರುತ್ತಾರೆ. ಅವರು ಕಷ್ಟಪಟ್ಟು ಓದುತ್ತಾ, ಹೆಚ್ಚು ಹೆಚ್ಚು ಜ್ಞಾನ ಸಂಪಾದಿಸಲು ಉತ್ಸುಕರಾಗಿರುತ್ತಾರೆ. ಅವರು ತರಗತಿಗಳಲ್ಲಿ ಏಕಾಗ್ರತೆಯಿಂದ ಪಾಠದ ಕಡೆ ಸಂಪೂರ್ಣ ಗಮನ ಕೊಡುತ್ತಾರೆ. ಅವರು ಪಠ್ಯಪುಸ್ತಕವಲ್ಲದೆ ಬೇರೆ ಒಳ್ಳೆಯ ಪುಸ್ತಕಗಳನ್ನು ಓದುತ್ತಾರೆ.

ಒಬ್ಬ ಆದರ್ಶ ವಿದ್ಯಾರ್ಥಿಯು ನಿಜವಾದ ಸಜ್ಜನ. ಒಳ್ಳೆಯ ನಡುವಳಿಕೆಗಳನ್ನು ಹೊಂದಿದ್ದು ತನ್ನ ಕೋಪವನ್ನು ಎಂದು ತೋರಿಸಿಕೊಳ್ಳುವುದಿಲ್ಲ. ಎಲ್ಲಾ ಪರಿಸ್ಥಿತಿಗಳಲ್ಲಿಯೂ ಶಾಂತವಾಗಿಯೇ ಇರುತ್ತಾರೆ. ಅವರು ತಮ್ಮ ವ್ಯವಹಾರಗಳಲ್ಲಿ ಪ್ರಾಮಾಣಿಕವಾಗಿರುತ್ತಾರೆ. ಪರರಿಗೆ ಸಹಾಯ ಮಾಡುವುದರಲ್ಲಿ ಅವರು ಯಾವಾಗಲೂ ಮುಂದು, ಪ್ರತಿದಿನವೂ ಒಂದಲ್ಲ ಒಂದು ಒಳ್ಳೆಯ ಕೆಲಸ ಮಾಡಲು ಪ್ರಯತ್ನಿಸುತ್ತಾರೆ.

ಒಬ್ಬ ಆದರ್ಶ ವಿದ್ಯಾರ್ಥಿಯು ತನ್ನ ವಿದ್ಯಾಸಂಸ್ಥೆಗೆ, ತನ್ನ ತಂದೆ ತಾಯಿಗಳಿಗೆ, ತನ್ನ ರಾಜ್ಯಕ್ಕೆ, ತನ್ನ ರಾಷ್ಟ್ರಕ್ಕೆ ದೊಡ್ಡ ಆಸ್ತಿ, ಅವರು ಪ್ರಾಮಾಣಿಕರು, ನಿಷ್ಠಾವಂತರು ಹಾಗೂ ಕೆಟ್ಟವರ ಸಹವಾಸದಿಂದ ದೂರವಿರುತ್ತಾರೆ. ಜೀವನದಲ್ಲಿ ಒಂದು ಒಳ್ಳೆಯ ಗುರಿಯನ್ನು ಹೊಂದಿರುತ್ತಾರೆ. ಹಾಗೂ ಒಬ್ಬ ಆದರ್ಶ ವಿದ್ಯಾರ್ಥಿಯು ತನ್ನ ಅಮೂಲ್ಯವಾದ ಸಮಯದಲ್ಲಿ ದೇಶದ ವಿಷಯಗಳನ್ನು ಚರ್ಚಿಸುತ್ತಾನೆ.

ಉಳಿಸಿಕೊ ಮನುಷ್ಯತ್ವ

ಮಾನವೀಯತೆಯು ಮಾನವ ಸ್ಥಿತಿಯಿಂದ ಉದ್ಭವಿಸಿದ ಪರಹಿತ ಚಿಂತನೆಯ ಮೂಲಭೂತ ನೀತಿತ್ವಗಳಿಗೆ ಸಂಬಂಧಿಸಿದ ಒಂದು ಸದ್ಗುಣವಾಗಿದೆ. ಮಾನವೀಯತೆಯನ್ನು ಎಲ್ಲ ಸಂಸ್ಕೃತಿಗಳಾದ್ಯಂತ ಸ್ಥಿರವಾಗಿರುವ ಸದ್ಗುಣ ಎಂದು ವರ್ಗೀಕರಿಸಲಾಗಿದೆ. ಹಿಂದೂ, ಕ್ರೈಸ್ತ, ಮುಸ್ಲಿಂ ಎಂಬ ಧರ್ಮಕ್ಕಿಂತ ಮಿಗಿಲಾದ ಧರ್ಮ ಜಗತ್ತಿನಲ್ಲಿದೆ ಎಂದರೇ ಅದು ಮಾನವೀಯತೆ. ಮನುಷ್ಯ ಮನೆಮನೆಯಲ್ಲು ಜನಿಸುತ್ತಾನೆ. ಆದರೆ ಮನುಷ್ಯತ್ವ ಎಂಬುದು ಕೆಲವರಲ್ಲಿ ಮಾತ್ರ ಜನಿಸಲು ಸಾಧ್ಯ. ದೇವರು ಪ್ರತಿಯೊಬ್ಬರಲ್ಲೂ ಮಾನವೀಯತೆಯನ್ನು ಬಿತ್ತಿದ್ದು, ಕೆಲವರು ಮಾತ್ರ ಅದನ್ನು ತಮ್ಮ ಜವಾಬ್ದಾರಿ ಎಂದು ಪರಿಗಣಿಸುವರು. ಹೆಚ್ಚಿನವರು ಮನುಷ್ಯನೆಂಬ ಕಟು ಸತ್ಯವನ್ನೇ ಮರೆತು ನಮ್ಮ ಧರ್ಮ ಬಿಟ್ಟು ಅಧರ್ಮದ ಕಡೆ ಸಾಗುತ್ತಿದ್ದರು. ಇಂಥ ಮಾನವರಿಗೆ ಪಾಠ ಕಲಿಸಲು ಬಂದ ಸಾಂಕ್ರಾಮಿಕ ರೋಗ ಕರೋನಾ. ಅಹಂಕಾರದಿಂದ ಅಧರ್ಮದ ದಾರಿ ಹೋಗುತ್ತಿದ್ದ ಜನರಲ್ಲಿ 'ನಾನು' ಎಂಬ ಸ್ವಾರ್ಥ ಬಿಟ್ಟು ಮಾನವೀಯತೆಯನ್ನು ಅಳವಡಿಸಿಕೊಳ್ಳುವ ಪ್ರಯತ್ನದಲ್ಲಿದ್ದಾರೆ. ಸಹಜ ಜೀವನ ನಡೆಸಲಾರಂಭಿಸಿದ್ದಾರೆ. ಮನುಷ್ಯ ಸಾಗುತ್ತಿರುವ ವೇಗದ ಬದುಕಿಗೆ ಕಡಿವಾಣ ಹಾಕದಿದ್ದರೆ ಇಂತಹ ಆಪತ್ತುಗಳನ್ನು ಎದುರಿಸಬೇಕೆಂಬ ಸತ್ಯವನ್ನು ಕರೋನಾ ಬಹಿರಂಗಪಡಿಸಿದೆ. ಸ್ನೇಹ, ಸಂಬಂಧವೆಲ್ಲ ಮರೆತು ಹಣಕ್ಕೆ ಹೆಚ್ಚು ಪ್ರಾಮುಖ್ಯತೆ ಕೊಡುತ್ತಿದ್ದ ಮಾನವನಿಗೆ, ಹಣದಿಂದ ಪ್ರಾಣ ಉಳಿಯದು ಎಂಬುದು ೨೦೨೦ ರಿಂದ ತಿಳಿಯುತ್ತಲೇ ಬಂದಿದೆ. ಹಣವೇ ಎಲ್ಲ ಎಂದು ಜೀವನ ನಡೆಸುತ್ತಿದ್ದವರೆಲ್ಲ ಎಷ್ಟೇ ಹಣ, ಆಸ್ತಿ, ಸಂಪತ್ತು ಇದ್ದರೂ ಏನೂ ಇಲ್ಲದೆ ಬದುಕು ಸಾಗಿಸುವುದನ್ನು ಕರೋನಾ ಕಲಿಸಿದೆ. ಹಣವಿದ್ದರೂ ಏನು ಮಾಡಲು ಸಾಧ್ಯವಾಗದೆ ಮನುಷ್ಯ ಸ್ವಲ್ಪ ಮಟ್ಟಿಗೆ ಮಾನವೀಯತೆಯನ್ನು ಅಳವಡಿಸಲಾರಂಭಿಸಿದ್ದಾನೆ. ದೇವರು ಪ್ರತಿ ಹಂತದಲ್ಲಿಯೂ, ನಮ್ಮನ್ನು ಪರೀಕ್ಷೆ ಮಾಡುತ್ತಾನೆ. ಹಾಗಾಗಿ ನಾವೆಲ್ಲ ಉತ್ತಮ ವ್ಯಕ್ತಿಗಳಾಗಿ ಹುಟ್ಟು ಮತ್ತು ಸಾವಿನ ಮಧ್ಯೆ ಜೀವನ ನಡೆಸಬೇಕು. ಇಲ್ಲದಿದ್ದರೆ ಮನುಷ್ಯರನ್ನು ಪ್ರಾಣಿಗಳಿಗೆ ಹೋಲಿಸಲಾಗುತ್ತದೆ. ಪ್ರಾಣಿಗಳಲ್ಲಿಯೂ ಮಾನವೀಯತೆ ಇದೆ. ಆದರೆ ಅವುಗಳಿಗೆ ಜವಾಬ್ದಾರಿ ಇಲ್ಲ. ಜವಾಬ್ದಾರಿಯುತ ಮಾನವರಾಗಿರುವ ನಾವುಗಳು ಇನ್ನು ಮುಂದೆಯಾದರು ಪರಸ್ಪರ ಸಂಕಷ್ಟಕ್ಕೆ ಸ್ಪಂದಿಸಿ ಮಾನವೀಯತೆಯನ್ನು ಉಳಿಸ ಬೇಕು. ನಮ್ಮ ಕೈಯಲ್ಲಾಗುವಷ್ಟು ಸಹಾಯ ಮಾಡಬೇಕು. ಒಬ್ಬರ ಕಷ್ಟಕ್ಕೆ ಇನ್ನೊಬ್ಬರು ಮಿಡಿಯಬೇಕು. ಕನಿಷ್ಠ ಅವಶ್ಯಕತೆಗಳನ್ನಷ್ಟೇ ಪೂರೈಸಿಕೊಂಡು ಉಳಿದವುಗಳನ್ನು ಸಂಕಷ್ಟದಲ್ಲಿರುವವರೊಂದಿಗೆ ಯಾವುದೇ ಧರ್ಮ ಪರಿಗಣಿಸದೆ, ಜಾತಿ, ಮತ, ಕುಲ ನೋಡದೆ ಸ್ಪಂದಿಸಬೇಕು. ವರ್ಷಾನುಗಟ್ಟಲೆಯಿಂದ ಏನೇ ಆದರೂ ಬದಲಾಗದ ಮಾನವ ಕರೋನಾ ಎಂಬ ಕಣ್ಣಿಗೆ ಕಾಣದ ವೈರಸ್ ಬದಲಿಸಿದೆ. ಜಗತ್ತನ್ನು ಬದಲಾಯಿಸುವ ಶಕ್ತಿ ಇರುವುದು ಭಯಕ್ಕೆ ಮಾತ್ರ ಎನ್ನುವುದು ಸಾಬೀತಾಗಿದೆ. ಯಾರಿಗೂ ಹೆದರದ ಮಾನವ ಸಾವಿಗೆ ಹೆದರಲೇಬೇಕು. ಅಂತಹ ಸಾವು-ಬದುಕಿನ ಮಧ್ಯೆ ಹೊರಾಡಬೇಕಾದ ಪರಿಸ್ಥಿತಿ ಬಂದಿದ್ದು ಇನ್ನು ಮುಂದೆಯಾದರು. ನಾವು ಕಲಿತ ಪಾಠವನ್ನು ಮರೆಯದೆ ಮುಂದುವರಿಸುವ ಜಾಣತನ ತೋರಬೇಕಷ್ಟೇ. ಎಲ್ಲರಲ್ಲೂ ಕೆಟ್ಟದು ಹಾಗೂ ಒಳ್ಳೆಯದು ಇದ್ದೆ ಇರುತ್ತದೆ. ಕರೋನಾ ವಿಷಯದಲ್ಲೂ ಅಷ್ಟೇ. ಕೆಟ್ಟದಕ್ಕಿಂತ ಒಳ್ಳೆಯದಕ್ಕೆ ಹೆಚ್ಚು ಪ್ರಾಮುಖ್ಯತೆ ಕೊಡಬೇಕು. ಹಾಗಾಗಿ ಮಾನವೀಯತೆ ಮರೆತ ನಮಗೆಲ್ಲ ಕರೋನಾ ಮಾನವನಾಗಿ ಬದುಕಲು ತಿಳಿಸಿದೆ. ಮಾನವೀಯತೆ ಬಿಟ್ಟರೆ ನಮ್ಮನ್ನು ನಾವೇ ಕೊಂದಂತೆ. ಏನೇನೂ ಆಗ್ತೀನಿ ಅನ್ನೋ ಆಸೆಗಿಂತ ಮನುಷ್ಯತ್ವ ಇರೋ ಮನುಷ್ಯ ಆಗುತ್ತೀನಿ ಎನ್ನಬೇಕು.

TO EMPOWER EVERY INDIVIDUAL WITH KNOWLEDGE AND SELF CONFIDENCE

Seshadripuram education trust is one of the best colleges in India with highly qualified and experienced faculty, who are a part of the Bangalore City University Board of Studies, Board of Examiners and Textbook Committees. It is a place that brings happiness and peace from within. We don't just provide top quality education but also excel at co curricular activities. We believe in the overall development of students in the area of education, sports and curriculum vitae.

Our college regularly produces national and international level sports persons, recognized by the Indian Red Cross Society for conducting blood camps and our NSS Unit has achieved outstanding distinction at the state and national levels. Our vision is to empower every individual with knowledge and self confidence.

Knowledge is nothing but understanding the facts. knowledge is like a glue that sticks information to a person. To a student, it plays an important role. If they don't have prior knowledge, they face difficulty in understanding the text.

You might have heard the statement "Every educated person is not knowledgeable, but every knowledgeable person is educated".most of the students who are graduates do not know the subject. The reason behind this is lack of experience. Sudden exposure after completing studies creates confusion and often leads to choice fatigue, which is choosing what to do. This led to the emergence of internships at seshadripuram. Seshadripuram college's placement cell has been always looking forward to encouraging the students to do internships so that

they get practical exposure to the corporate world. Internships are being provided right from 1st semester. Students are also sent to industrial visit to know more. We provide sustained training programme for campus recruitment across all six semesters to ensures that our students are Industry ready.

A person might have all the knowledge, but what is the point if he/she is not able to put it forward. This happens when someone lacks confidence about who they are and what they can do. Their confidence should be boosted right from the beginning. Confidence in students is essential for their success. Our college has taken care of this as well. Students are motivated and praised for what they do. Seshadripuram college has been hosting many activities, events, and value-added programs to boost confidence among students. Students are facilitated on a timely basis to gain recognition. Like punishing and correcting a student's fault, recognizing a student's success is also necessary to make their work stand out.

Knowledge = confidence. Just learning about something isn't enough. If you master the thing you're learning, you'll know how it works, what to do, what not to do, when to do it, and so on. That knowledge of knowing "how" is what brings out confidence in all of us regardless of how difficult a situation is and seshadripuram college has been a pioneer in providing it.

IMPORTANCE OF READING AND WRITING SKILLS

Francis Bacon, a famous 16th century English essayist says, "Reading maketh a fullman, conference a ready man and writing an exact man." The well-known statement of the great essayist of the yester years still holds good in the global village, where communication is playing a prominent role. It is a fact that the four skills - Listening, Speaking, Reading and Writing (LSRW) – must be practiced to use any language reasonably well. English is a language that gained greater prominence for global communication in the wake of Liberalization, Privatization and Globalization. It is no longer just a library language but a language of opportunities. A fairly high degree of proficiency in English and excellent communication skills enhance employability of our young professional graduates. Though all the four skills are needed to be focused on, only two skills, reading and writing, are stressed in the article as these are the areas neglected most denying the employment opportunities to our young graduates pursuing professional courses.

Reading

Reading is to mind what listening is to ears. Today, we live in a knowledge world. We are expected to retain a great deal of written information quickly and attentively as our needs and purposes have become more diverse. The growing number of books and magazines show that we should read more than before. Besides, science and technology too have given us considerable leisure to enjoy reading. It is obvious that the academic success of students primarily depends on their good reading habits. Hence, the quality and quantity of reading have become an important part of the study skills to be imparted to our professional graduates. But most of these students do not have regular reading habits. A few students, who have the habit, read passively failing to comprehend whatever they read. This gradually makes them dislike their reading and make it a necessary evil. Hence, the students' should master reading skills which will enable them not only gain knowledge but also

face the cutthroat competitive world confidently and survive successfully in their professions. The students are to be practically exposed to different types of reading like - Search Reading, Critical Reading and Exploratory Reading.

Writing

We need to write in order to communicate in English in our social, educational and professional areas. It is the vital means of communication within an organization too. But, unfortunately, writing is the most ignored of the language skills. According to a survey, 30% of work is accomplished through written communication.

In an organization, it is not possible to conduct all transactions by speech alone. If there is a business project, one needs to send written proposals. Electronic mail has become a very popular means of communication in the globalized and highly privatized world today. This kind of communication is used to send business correspondence addressed to customers, clients, associates, business partners and employees within and the outside the organization.

Written communication has also become the deciding factor in one's career planning. The various exams like GRE, GMAT, TOEFL etc., assess the verbal and written communication skills of the candidates. Very often, in fact, candidates who are good at Mathematics and analytical abilities believe that good communication skills are important for students for studies applying for higher education. Hence the skills of positive and tactful writing are prerequisite for achieving career and business goals.

Clear, fluent and effective writing skills include grammar, syntax, context, organization of ideas, content, purpose etc.

Student Worker

Trying to balance out my responsibilities as a full-time worker and a student is difficult. I work for 10 hours a day, sometimes more. Along with that I need to attend college, for 5 hours. So I guess you can say I am quite busy. Waking up at 6, getting ready to be in college from 08:00 AM to 12:00 PM (Maximum till 01:00 PM). From being a part-time worker as an accounts assistant from 01:00 PM to 05:00 PM, to a part time worker as a Lead Generation Specialist from 06:00 PM to 12:00 AM, I can say I am a full time worker. In between this schedule, I may have an hour to have my lunch, sometime I don't. I used to skip my breakfast and lunch at times, but not dinner. It's just because, the other work (Lead generation specialist) is work from home. After work, I tend to have a hard time focusing on my studies. Most of my energy goes into work. I leave work sore and tired, from foot aches to back aches, trying to do studies is difficult. The biggest task for me is staying focused and not putting in more effort in one area than another. It's easy to be more focused on work and not performing great in college. I constantly have to remind myself that studies is my first priority. Because the main reason to work so hard is to afford college, in order to get education. There is no point in working so hard to get below average score, when that's the main thing on which people shortlist for employment. So I need to focus on both, studies as well as work. At the end of the day, working full time and being a student is one of the hardest things to balance and sometimes I have to work long hours just to make ends meet. It is still not recommended if you are taking a full course load but at the same time what are you supposed to do if you cannot afford college without working. I have successfully completed 4 years of balancing my work life and studies starting from when I am a

1st PUC student to 2nd year of my graduation (BCOM), and still working. In my week ends, I have to keep time for studies and extra learning activities. Sometimes I need to skip work or studies to have some rest. I worked as a trainer in computer institute, audio transcriptionist, data entry operator and finally working as an accounts assistant and a lead generation specialist. I am proud of myself because in between all these hurdles I still kept my scores above the margin and I am happy that I chose to work in the field that I am currently studying.

Working while studying gives me a dissimilar perception on the institute experience. Varying from friends to classes and to jobs, all working students will comprehend how complicated it can get. It is of great concern for the students who are pursuing their education and earning at the same time. The prime advantage of working while learning is that they groom themselves as they enter into their professional life. It is not as easy to work and educate yourself at the same time; you have to compromise many other things just for the sake of the betterment of your life. Challenges for working students never end until they themselves give up on their life's tasks. Throughout your study lifespan, you come across all the ways that students finance their education. Some work multiple jobs on top of going to their institutes full-time. Some have a part-time job, others do random work from time to time, and there are those who don't work and/or have never worked a day in their life. They are the ones who are living the best phase of their lives. Such students are stressed to complete their all tasks in the given time. They have to make schedules, time to time, to work out on multiple tasks. In short, they have to be spontaneous with their work life as well as student life. Working students are mostly sleep deprived. Their work plus studies never let them to complete sleep hours. For them, nights are long while mornings are dreaded. This is not it. They consequently sleep in the classroom, or feel sleepy all day and tired which further messes up all the work they do. I can say that, sleep is a non-existent factor in the lives of working students. I conclude that, working while learning is an example of a blessing in disguise.

A Credit Facility which could help India

As we all know India is facing an unprecedented situation as the second wave is much more devastating in its nature.

This virus has also taken a heavy toll on the income of people. With frequent lockdown, downward demand forcing the firms to fire or lower the pay-scale of workers / employees due to low profitability, a humongous number of people have lost their income including those who are breadwinners of the family. The most recent unemployment data shows an unemployment rate of 10% (urban 12%, rural 9%).

The category of **middle class** and lower middle class who aren't eligible for most of government schemes and also the category which has formed the chunk in the **unemployment** genre are the ones to be squeezed as always.

In such times when there is little or no income in hands of people, one definitely cannot afford to take a loan, nor will any institutions be ready to grant a loan to such people.

There is one such credit facility which is much forgotten or ignored in the banking system, and with further modifications for a short term period could turn out to be fruitful for various people and also small businesses.

This is about **reverse mortgages**, a service that is

designed for citizens above to avail themselves of funds by mortgaging their residential property. It's called reverse because in this the bank or financial institutions pay the borrower fixed amount of money on a monthly or quarterly basis, the total payment is usually equal to or 5-10% less than market the value of the property and its landscape. When the borrower and spouse dies the property is sold by the bank later on, also the borrower can cancel the term and just pay back the loan amount received after a specified period and safeguard the property.

This is a facility which provides immediate source of income and can be availed without having a creditworthiness background. Reverse mortgages will be protected against inflation as indexation will be provided year on year. Reverse mortgage can supplement or add to retirement income of people having low pensions and gratuity. There is no upper age limit for getting the benefit of the reverse mortgage facility. It is tax free.

The major limitations here are the age barrier which is above 60 and "what if the value of above goes high".

In the current scenario this facility can be modified to help out those people who own any kind of small or medium size property but are without any income which also could

indirectly help the consumer sentiments and demand stable (consumer sentiments index is down by 2.8% this month), this can be done through further modifications like:

- To reframe the reverse mortgage facility into reverse asset in which a certain class of assets which would include assets like gold, silver and locked in debt instruments.
- The age of limit could be altered for a certain period of time, to include 25+ age group.
- The loan processing fees and other charges could be reduced or waived off for 2 years.
- There should be a clause to let the borrower cancel this facility after a certain fixed time convenient to the borrower and allow the loan amount to be paid back with interest rate not more than the Risk free rate of the country.
- This facility can be altered in a way that owner who gives their house for rental purposes can help their tenants to waive off a certain % of their rent by being able to apply this facility and still gaining cash flows and later payment can be done by the tenant to the specified bank or institution, this can provide a moratorium benefit and well as constant cashflows for the owner of property.

- The borrower should be given the option to choose what % of the value of his/ her property he wants as periodic payments.
- Businesses with a bleak future and having a property can use this to have facility to get a consistent income and may help sustain their business for a certain period of time and then paying of the loan if the firm does well.

The lenders won't altogether be in such a stress as housing market is one of the most stable markets (don't just jump off thinking about 2008 crisis, that was due to subprime bonds and bad governance), with land being an appreciating asset producing constant cashflows, the probability for a better market value for the property while selling is quite high.

Since the RBI has recently opened a 10000cr allocation for optimal borrowing for banks and NPA restructuring facility there is currently enough liquidity amongst the institutions to help transform these reverse mortgage facilities for at least an 3 years span, this could help a chunk of segment to have constant income during such bad phase and also create a spike up in demand for the short term to help companies come out of this menace, implying a comeback in employment rate.

Crypto Currency & it's Fallacies

When the word cryptocurrency hits our pupils it always pops upto 'Bitcoin' in our grey matter and recently Ethereum Dodgecoin & Ripple also seems to join the space.

Before I dive into the fallacy which I perceive to be , I would want to shower some cliché known facts which anyone living on Earth with an internet connection would know - Bitcoin price from 13 years since its inception, has climbed exponentially from \$0.08 to \$51700 (Ethereum over 1700% in 5 y) whereas Gold, the closest comparable so called 'asset' to cryptocurrencies, has risen only 627% over the last 100 years .

This obnoxious rise in the price which have made many people (especially the millennials) earn exceptional amount of money or so as we hear from news & media has taken a toll on the basic sense of deduction in many and is driving many to a feeling of 'being left out'. Let's decrypt this context by not being a smartass Holmes at all. First - these cryptocurrencies have one thing in common that is they run on blockchain technology

A little FYI on blockchain would be that it can be described as a data structure or simply blocks that holds transactional records and while ensuring security, transparency, and decentralisation or in much simpler words a tech where digital information is distributed, but not copied. That means each individual piece of

data can only have one owner (not going to go much detail as it deserves its own post)

Second - as noted from the earlier few sentences the main & the sole purpose of those cryptocurrencies is to provide a safe networking of decentralised transaction , so assuming that this statement is true, as a rational person I see no reason whatsoever to categorise Bitcoin as an asset class to invest in because I can only perceive something to be called as an asset only when it has the ability to generate cash and not merely the change in price of ownership.

Third - the rampant increase in the price is merely cause of simple but absurd demand and supply , for example , if I have a pen worth 1\$ and make up a story of how rare or evolutionary the pen could become , I could sell it for 5\$ and in turn that person would sell to someone at a higher price , this chain could go on & on maybe even reach about 100\$ with the pen being the absolutely the same until someday someone realises what it is and the whole game could go for a toss.

So from an investment perspective if you offer me a farm or a house or Bitcoin , I would anyway choose a farm/house over it as an asset and invest in it as that will generate cash for me rather than invest in something assuming that someday someone more insane than me would pay me a higher price for the ownership.

In conclusion many can say that there are people who have been making money off Bitcoin over years , how does any of this matter when one keeps making money.

For them I just have to say that if one is trading Bitcoin then I just zip myself up but if one says the same for investing in Bitcoin , I would just infer that just because everyone enters a rat race doesn't mean you should too especially when you don't know where the beginning and the end is.

खिल उठेगी हर वो कलिया
जिन्हे मार बैठा था सैतान
फिर से मेरी शान लौटेगी
लौट आएगी वो मुस्कान

छाती ताने खड़ी हुई में
लड़ बैठी तूफ़ान
है मनुष्य शरम करो
छाती मेरी चीरी तुमने
धुंड बैठे सोने की खदान

बच्चे मेरे खेलेंगे फिसें
जिनका कर रहा था मनुष्य सीकार
अंबर की छत शाफ़ दिखेगी
क्यू की बंद पड़ा कारोबार

और बनाते हुए उसे एक मुकाम, हम
बस चले ही जा रहे हैं |
बस चले ही जा रहे हैं ||1||

सफर में कभी मिलता है अपना
तो कभी हमें मिलता है कोई पराया
और उस मुकाम की घड़ी में खुद को
भूलकर, साथ देते हुए उनको, हम
बस चले ही जा रहे हैं |
बस चले ही जा रहे हैं ||4||

इस दुनिया की कुछ अलग ही है पहचान
कहने को तो हम कईयों को जानते हैं
मगर आस पास नहीं होता कोई इंसान
इस सच्चाई को सब मानते हैं और फिर भी,
हम
बस चले ही जा रहे हैं |
बस चले ही जा रहे हैं ||2||

चिंता के साथ साथ दिल में दर्द है
और चेहरे पर ऐसी छाई है मुस्कान
जैसे कि हम खुद के ही हमदर्द हैं
और बनाके इसी को अपनी पहचान, हम
बस चले ही जा रहे हैं |
बस चले ही जा रहे हैं ||5||

इस जिंदगी की कैसी है यह माया
हर तरफ कभी मौन तो कभी आतंक है छाया
चल तो नहीं रहे हैं किसी के भी जुबान
पर बात कईयों से करते हुए, हम
बस चले ही जा रहे हैं |
बस चले ही जा रहे हैं ||3||

मैं नहीं जानता की यह
अंग्रेजी का लिखा 'सफर'(SUFFER) है या
हिंदी का लिखा 'सफर' है पर मान के
इसे जिंदगी का सफर, हम
बस चले ही जा रहे हैं |
बस चले ही जा रहे हैं ||6||

मेरी प्रिय अध्यापिका -डॉ. उर्मिला पोरवाल

आरजू शुक्ला MCOM

जब मैं पहली बार अपनी हिन्दी अध्यापिका से मिली, मेरे विचार उनके प्रति कुछ भिन्न थे। मैंने उन्हें पहली बार कालेज के हिन्दी विभाग में देखा था। वे दिखने में थोड़ी कठोर और गुस्सैल लगी। उसके अगले दिन अंग्रेजी क्लास के बाद हमारी हिन्दी की कक्षा थी। मैं इसी विचार में गई कि वे पढ़ाने में भी कठोर (सख्त) होगी। पर उस एक घंटे की कक्षा ने मेरे विचार को पूर्णतः बदल दिया। वो कहते हैं ना कि "किसी पुस्तक को उसके आवरण से न आंके" वैसे ही मेरे विचार भी परिवर्तित हो गये।

वह बहुत ही कोमल और उच्च आदर्श वाली स्त्री थी। हमारी कई खामियों और शरारतों को भी वह कक्षा में बड़े प्रेम से सुधारती थी।

उन्होंने कक्षा में कभी कठोर भाषा का प्रयोग नहीं किया। और ना कभी किसी को उन्होंने गलत सोचने का विचार किया। उन्होंने अपने सरल और सुन्दर व्यवहार से सबका मन जीत लिया था। उनके पढ़ाने का अंदाज भी अन्य अध्यापकों से भिन्न था उनके पढ़ाए गये पाठ छात्र कभी नहीं भूलते थे।

वे हमेशा हमें समर्थन देती थी। चाहे बात उनके विभाग की हो या अन्य विभाग की। उन्होंने हमेशा हमारा मार्गदर्शन किया।

सत्य असत्य और सही गलत में भेद करना भी सीखाया। उनकी कही हुई हर बात में सच्चाई और अच्छाई छुपी रहती है हमें सीख प्राप्त होती है।

छात्र चाहे कितनी भी मस्ती करें या

खुराफात करें

उनकी आवाज़ सुनके ही शांत हो जाते।
और मन लगाकर उनकी बात सुनते।

मैं उनके बारे में जितना लिखु उतना ही कम है। वे मेरी आदर्श है मैं उनकी ही तरह आदर्शवादी व्यक्ति बनना चाहती हूँ। वे मेरी प्रेरणास्रोत हैं।

हमें हिन्दी सिर्फ चार सेमेस्टर तक थी। इस बात को जान कर मेरा मन दुःखी था। परन्तु मैंने उन 4 सेमेस्टर्स में उनसे बहुत कुछ सीखा है और मैं उनसे ओर बहुत कुछ सीखना चाहती हूँ।

मुझे याद है, पहले सेमेस्टर में उन्होंने मुझे कहा था कि अगर मुझे उनकी जरूरत है तो वह सदैव मेरी सहायता करेंगी। मेरा मन उस

समय भावुक हो गया था। वे हमें सिर्फ किताबी ज्ञान नहीं देती थी अपितु जीवन जीने की शैली भी सिखाती थी मेरी उर्मिला गुरु जी। वह मेरी सच्ची आदर्श है और प्रेरणास्रोत है और मैं उनको नमन करती हूँ

दोस्तों की मंडली

दोस्तों के बिना कॉलेज के दिनों की कल्पना ही व्यर्थ है। जी हाँ, कॉलेज के दोस्तों की तो बात ही अलग होती है। कुछ दोस्त अपनी हर खुशी हमसे बाँटते हैं तो कुछ हर मुसीबत में हमारा साथ देते हैं। कॉलेज की कैटीन से लेकर क्लासरूम के वक्त तक दोस्तों का साथ तो जैसे कम्पल्सरी (अनिवार्य) सब्जेक्ट होता है। किसी के साथ घूमना तो किसी के साथ खाना, किसी से लड़ाई करना तो किसी के साथ हँसना, किसी को बेहद परेशान करना तो किसी की परेशानी में हरदम साथ खड़े रहना किसी को अपना सब कुछ मान लेना तो किसी को नजर उठा के भी न देखना, न जाने ऐसे कितने ही अनशिनत किस्से हमें जिन्दगी भर याद रहते हैं। सालों बाद भी किसी दोस्त से मुलाकात किसी अपने के मिलने जैसी लगती है। यह रिश्ता ही इतना अनमोल होता है। दोस्तों, दोस्ती का रिश्ता सबसे खास होता है।

जीवन के अनुभव

(कभी सुख तो कभी दुख)

जीवन में हर सीख महत्वपूर्ण होती है। अक्सर यह कहा जाता है कि जिंदगी एक अध्यापक के समान हमें अनेक पाठ पढ़ाती है। और हमें सही अर्थ में जीना सिखाती है। जिंदगी के हर पल में हमेशा कुछ खास अनुभव छुपे होते हैं और ऐसे अनुभवों से ही यह जीवन अमर बन जाता है। ऐसे ही विशेष अनुभवों की हम प्राप्त करते हैं महाविद्यालय से।

जीवन के हर अनुभव होते हैं 'खास' लेकिन सबसे अनमोल अनुभवों को हम प्राप्त करते हैं जहाँ वो हैं - कॉलेज के क्लास।

पढ़ाई, लिखाई, लड़ाई इन सभी के मिश्रण से बनता विद्यार्थी के जीवन में नई शुरुआत होती है जैसे सूरज की रोशनी से नया फूल खिलो।

महाविद्यालय में बिताया हर दिन होते हैं अत्यंत अनमोल यादों को बचाव नहीं किया जा सकता हैं चाहे किसी भाषा से या फिर मधुर बोलो ।

महाविद्यालय एक ऐसा स्थान हैं जहाँ बिताया हर पल खास होती हैं और सदैव स्मरण रहती हैं । केवल पढ़ाई नहीं सिखाई जाती हैं यहाँ परंतु जीवनें हर परिस्थिति का सामना करना भी यहाँ से हम सीखते हैं ।

मैंने भी महाविद्यालय से बहुत आशाएँ रखी थी बचपन से ही कई सपने देखे थे कि मैं किसी विशेष महाविद्यालय में पढ़ूँगी । बहुत उत्सुकता और उल्लास के साथ मैंने अपने महाविद्यालय में खदम रखा । शुरुआत से ही मुझे बहुत अपनापन महसूस हंसा और बहुत सारे अच्छे पल बिताए हैं मैंने ।

केवल पढ़ाई ही नहीं लेकिन जीवन के कई सीख प्राप्त किया हैं मैंने इस महाविद्यालय के माध्यम से जिसे लिए मैं सदैव आभारी रहूँगी ।

मैंने कई सारे मित्र नहीं बनाएँ लेकिन जिन लोगों को मैंने जाना हैं मेरे महाविद्यालय के माध्यम से उन सभी के लिए मेरे मन में केवल शुभकामनायें ही व्यक्त करना चाहती हूँ ।

नए सफ़र की शुरुआत शुभ ही होगी इसी आशा से मैं अपने महाविद्यालय की अलविदा कहना चाहूँगी ।

SAMSKRIT & COMMERCE & MANAGEMENT

TOPIC: MODEL OF DECISION MAKING

The select materials from Bhagavadgita are used to present a profile of managing oneself and to discuss the modalities of tackling the situations of decision-dilemmas. The theory and practice of human behavior as advocated here are conceived to provide a framework for optimum efficiency and social welfare.

Model of Arjuna as a decision-maker

Arjuna provides a totally different model of decision making. His mind is a "battle-field" of diverse thought processes. It is not so much of a battle between "good" and "evil" thoughts, as in the case of Duryodhana. It is a battle between "Dos" and "Don'ts" of various options and that between "correct" and "incorrect" thoughts. He is caught in a mess of dilemmas, which is caused by his "perverted" understanding of the situation. While the source for Duryodhana's "battle in the mind" is his evil designs ; Arjuna's "mental battle" is due to a peculiar kind of "perversion" in thinking. This source is called as मोह implying thereby, incorrect, incomplete or perverted knowledge. (अज्ञान, विपरीतज्ञान, मिथ्याज्ञान etc.)

We should consider Arjuna's situation in greater detail because , Arjuna symbolises the class of "managers", who have the potential of being "successful" and of "achieving some spectacular results".

● हषिकेशं, तदा वाक्यमिदमाह महीपते।

सेनयोरुभयोर्मध्ये रथो स्थापय मेऽच्युता॥

Arjuna said to Krishna, who is the commander of all sense organs,

"Oh. Achyuta, take my chariot, to the middle portion of both armies, poised to begin their fight.

● यावदेतान्निरीक्ष्येऽहं योद्धुकामानवस्थितान्।

कैर्मया सह योद्धव्यमस्मिन् रणसमुद्यमे॥

“I would like to observe as to who all have assembled with a desire to fight. With whom all, I should specifically fight in this great exercise of War”

●योत्स्यमानानवक्ष्येऽहं य एतेऽत्र समागताः।

धार्तराष्ट्रस्य दुर्बुध्देर्युध्दे प्रियचिकीर्षवः॥

**"I would like to "see" those who have taken the side of this "'evil designer",
Duryodhana".**

**These actions of Arjuna have many lessons for those managers, who want to analyse
the situation of their dilemma, in an "objective" manner.**

**The first step is to keep yourself in the "middle" position, of both the "right" and
"wrong" forces operating on your mind. Abstract yourself into an "impartial", and
"non committal" position in the middle of both the warring thought processes.**

INTERESTING FACTS ABOUT SAMSKRIT LANGUAGE:

The oldest language in the world:

With a recorded history going back to 3,500 years, samskrit is believed to be one of the oldest languages in the world still in existence. The Vedas, oldest extant texts in any language, were written in samskrit. The earliest form of samskrit language was Vedic samskrit that came approximately around 1500B.C, a period when knowledge was imparted orally through generations.

Best language for algorithms and computers:

An old, yet, a highly technical, systematic language of the world. Following a research, a report given by the NASA scientist, Rick Briggs, samskrit is one of the most suitable languages for the computers. It is considered to be very efficient in making algorithms.

A highly versatile language:

You can say something in least amount of words in samskrit in comparison to the most modern languages of the world. One of the reasons is also that samskrit has the largest number of synonyms for each word each with specific meaning. For instance, a simple word like the elephant has about a hundred synonyms. English has only one word for love, samskrit has 96. samskrit has an amazing treasure of words and their synonyms to give great versatility. It has in fact over 70 words for water where English has just got one. Amazingly the samskrit language has over 122 words for the action to go each with the specific meaning

A language of future not past:

A total of 17 countries including the US have Universities that are dedicated completely to samskrit and their sole purpose is research on the subject. There is a separate department in NASA as well to conduct research on the language of samskrit. With all that research, samskrit might really be the future.

Phonetically accurate:

Samskrit is perhaps the most accurate language phonetically and otherwise. The samskrit vocabulary uses 49 sounds, generated from five distinct areas of the mouth, allowing

phonetic accuracy. Amazingly every samskrit letter has a precise sound in any word it is used in, all the time.

The only clear language in the world:

According to NASA, samskrit is the only unambiguous language in the world. It means that it is the only language that is not open to more than one interpretation of something. In every other language the same sentence can be interpreted in many different ways. The context, way you speak and body language is necessary to understand the meaning. Not so in samskrit.

The Mother of all languages in the world:

Samskrit is known to be the mother of all languages of the world. Nearly (97%) of all languages have been directly or indirectly influenced by this language.

Increases brain power:

Samskrit has also been proven to help in speech therapy. Research suggests that learning the language improves brain functioning and students improve academically. They get better marks in subjects like Mathematics and Science which some people find difficult. It is because samskrit enhances memory power and concentration.

A British School Makes samskrit Compulsory:

James Junior School in London has made samskrit compulsory. Students of this school are among the toppers in various fields and worldwide exams year after year. Some schools in Ireland also have made samskrit compulsory.

samskrit speaking villages:

We all know how ancient the language of samskrit is. However, there are still many villages in India where samskrit is still the primary language of communication. The villagers also insist the visitors converse in samskrit with them. Banter, greetings, quarrels on the streets, teaching - it's all in samskrit here.

Official language of Uttarakhand State of India:

Samskrit is the 2nd official language of Uttarakhand despite the fact that not even 1% of population can speak the

language.

Sanskrit Newspapers and Radios:

Not many people know this interesting fact that sanskrit daily news and newspapers exist even today. It is the language of more than 90 weeklies, fortnightlies, and quarterlies published across India. Gujarat started publishing Vartman Patram and Vishwasya Vrittantam five years back and an all India Radio has been broadcasting daily news in sanskrit once a day since the year 1974. 'Sudharma', the newspaper is published out of Mysore, a historic city in Karnataka, India.

The Language of the Gods:

Sanskrit was considered as 'DEV BHASHA' or 'DEVAVANI', the Language of the Gods by ancient Indians. The script is called DEVNAGARI which means used in the cities of the Gods. It was believed to have been generated by the god Brahma who passed it to the Rishis (sages) living in celestial abodes,

who then communicated the same to their earthly disciples from where it spread on earth.

Decline of Sanskrit:

The decline of sanskrit started around 13th-century. This coincides with the beginning of Islamic invasions of the Indian subcontinent to create, thereafter expand the Muslim rule in the form of Sultanates and later the Mughal Empire. With the fall of Kashmir around the 13th-century, a premier center of sanskrit literary creativity, sanskrit literature there disappeared, perhaps in the "fires that periodically engulfed the capital of Kashmir" or the "Mongol invasion of 1320".

First language of only a few:

In the 2011 census, 24,821 Indians said that sanskrit was their primary language, which is less than 0.01 per cent of the entire Indian population.

कविकुलगुरुः कालिदासः

Kalidasa was a classical India's master poet and a dramatist. His name, literally means "servant of Kali," it is presumed that he was a Shaivite (follower of the god Shiva, whose consort was Kali), though occasionally he eulogizes other gods, notably Vishnu. He demonstrated the expressive and suggestive heights of which the Sanskrit language is capable and revealed the very essence of an entire civilization. His plays and poetries are primarily based on the Vedas, the Ramayana, the Mahabharata and the puranas. His surviving works consists of three plays, two epic poems and two shorter poems.

पुरा कवीनां गणना प्रसङ्गे कनिष्ठिकाधिष्ठित कालिदासः।

अद्यापि तत्तुल्यकवेरभावात् अनामिका सार्थवती भभूव॥

Long ago when all the poets were counted, Kalidasa was assigned the little finger. But no poet of the genius comparable with him has existed till today; hence, the finger next to little finger is significantly named as 'Anamika', (the nameless one)

Kalidasa's notable works are:

कुमारसम्भवम्, अभिज्ञानशाकुन्तलम्, रघुवंशम्, मेघदूतम्, विक्रमोर्वशीयम्।

Shlokas from Kalidasa's famous work called Meghadootam:

Shloka 1:

कस्यात्यन्तं सुखमुपनतं दुःखमेकान्ततो वा
नीचैर्गच्छत्युपरि च दशा चक्रनेमिक्रमेण

No one gets always sorrow or always happiness, it keeps turning around just as the spokes of a wheel keeps going up and down.

Shloka 2:

जातं वंशे भुवनविदिते पुष्करावर्तकानां जानामि त्वां प्रकृतिपुरुषं कामरूपं मघोनः।
तेनार्थित्वं त्वयि विधिवशादूरबन्धुर्गतो हं याञ्चा मोघा वरमधिगुणे नाधमे लब्धकामा॥

I know that yours is the world renowned lineage of Pushkara and Avarthaka and that you, able to change the shape at will, are servants of Indra.

Hence I, separated by fate from my loving one, came to you with a request. For, it is better that a prayer to the worthy be in vain than to the unworthy be fulfilled.

campus to instill confidence." Nigera, principal, Seahadripuram College said she spoke to students and parents during online classes to find out why they were staying away from regular classes. The college saw only 10 students on Day 2, the same number as on Day 1. "Many cited transport issues. The frequency of BMTC and KSRTC buses is low and many have to change buses. Parents fear this will increase their chances of contracting the virus," she said.

Some stuck to online mode,
others streamed offline classes

Some colleges did not open and continued with online classes. Others managed to stream their offline classes through mobiles for students who did not come to campus. Colleges said students are either scared of going for tests or want to get the results.

Professional colleges, too, did not see a major turnout. Some 65% students had given

consent to come. But colleges saw only 20-35% students. Many are hesitant to give the Covid test. Since colleges reopened on

line classes are going on well and practical classes will be held when they return to the campus," principal HN Ramesh said.

Government-run RC College of Commerce and Management had six of its 800 students turning up on campus. At least 20 had to return since they were waiting for Covid test result.

"We had all arrangements in place. But the number of students who turned up did not meet our expectations -- only six of 960 undergraduate final-year students came. Two PG students also turned up. We're hoping the numbers will go up in the coming weeks," said Meera HN, principal, Seshadripuram College.

less and had to send them back. Thus, we did not have any student on day one," said BG Satya prasad of GT Institute of Management Studies and Research.

Some other colleges like Maharani University Cluster's arts and commerce college have better attendance. However, the science section did not have a good turnout. Higher education minister CN Ashwath Narayana visited the arts and commerce sections and interacted with students. "Students were not satisfied with online sessions, hence, we began classes. There's free Covid test for all. No student will be forced to come. But if they do, they have to bring the Covid-negative certificate."
